## GERMANS ARE CHECKED BY BYNG FORCE

Severe Fighting at La Vacquerie in the Cambrai Sector

## ATTACK ITALIAN FRONT WEST OF BRENA RIVER

American Aviators Working With Artillery Locate Targets

In the Cambrai sector and on the northern Italian front the enemy has resumed his efforts to dislodge the allied troops.

The British repulsed German efforts near Cambrai and east of Asiago the Italians are engaged in a further furious battle with the Austro-Germans.

German attacks in the Cambrai area, under the leadership of General von Der Marwitz, were against the southern and northern legs of the salient.

After the British had repulsed minor attacks in the regions of Gonnelleu and La Vacquerie, southwest of Cambrai, the Germans hurried strobic forces against La Vacquerie. General Byng's men checked the Germans in severe fighting.

On the northern end the attack was against the line between Bourlon wood and Moeuvres. This was repulsed by the British artillery.

Large forces of reserves hurried to the Cambrai area convinced the British leaders that the enemy has not yet given up hope of blotting out the salient, notwithstanding the severe losses he has sustained in the past week.

The Bourlon wood position, the dominating one west of Cambrai, is almost in a pocket and a dispatch from British headquarters intimates that the British front will be stronger without it. However, the British still withstand successfully German attempts to recapture the Bourlon position.

The Austro-German push to break through to Vicenza and the Venetian plains evidently is in force, but the Italians are standing the shock well. The attack is against a line from Monte Sisemol, north through Monte Meletta, and east to Monte Badeneche, west of the Brenta river, a front of about 10 miles.

The first effort of the enemy was from the northwest between Sisemol and Meletta, and this was broken up in hand-to-hand fighting in which the attackers suffered heavily and left several hundred prisoners in Italian hands.

Larger forces took part in the second effort from the northeast against the western wing of the front.

After fierce fighting the enemy occupied Italian trenches on Monte Tondarecar and Monte Badeneche and the defenders withdrew from the more advanced positions. Berlin reports the fighting is continuing with success.

In the Jebel Hamrin range, north of Bagdad, Mesopotamia, British and Russian troops have taken from the Turks an important mountain pass.

More than 100 prisoners and two guns were captured from the Turks. British merchantmen lost during the past week were 16 of more than 1600 tons, and one of less than that weight.

In the previous week 21 vessels, including 14 of more than 1800 tons, were sunk by mines or submarines.

Russian emissaries dealing with (Continued on Page 2, Col. 5.)

## LABOR PLEDGES ITS SUPPORT TO THE GOVERNMENT

(Associated Press Telegram)

Cleveland, Dec. 6.—Pledging its loyal support and service to the United States government and its allies during the war, the Cleveland Federation of Labor last night endorsed plans for a branch organization of the American council for labor and democracy here and today opened a campaign for a membership in the new council of 20,000 union workers. Petitions for membership will be circulated in every union local in Cleveland.

## OHIOAN IN CHARGE OF BURIAL SERVICES FOR AMERICAN SOLDIERS

Toledo, O., Dec. 6.—An Ohio officer, Lieutenant Paul W. Austin of Toledo, was in charge of the burial services of the first three American soldiers killed on the French front, according to word received here by his father.

"On one soldier I found a letter from his sweetheart," Austin writes, in telling of searching the men before the funeral ceremonies. "She spoke of the getting married after the war. It was a certain put fight into everyone of us."

Lieutenant Austin was graduated from Ohio State University in 1916 and was commissioned at the conclusion of the first training camp at Fort Benjamin Harrison last summer.

## WAR RESOLUTION IS BROUGHT INTO THE HOUSE TODAY

Unanimous Consent Given to Take Up Resolution Early Tomorrow

## APPROVAL IS REGARDED AS VIRTUALLY CERTAIN

Declaration of War On Austria-Hungary Will Add Many Alien Enemies

(Associated Press Telegram)

Washington, Dec. 6.—With a formal report from the foreign affairs committee the resolution to declare war on Austria-Hungary was today brought into the house of representatives.

There were no dissenting votes in the committee and at the request of Chairman Flood the house gave its unanimous consent to take up the resolution tomorrow at the beginning of the session and pass it before tomorrow night.

Approval of the resolution which declares the existence of a state of war between the United States and the imperial and royal Austro-Hungarian government is regarded, as virtually certain despite the sentiment in favor of the addition of Turkey and Bulgaria.

Declaration of war on Austria-Hungary will add 700,000 men over 21 years of age to the alien enemies within the borders of the United States.

Figures compiled by the census bureau showed that in 1910 there were 678,667 male subjects of the dual monarchy in this country and 186,524 former subjects who had taken the oath of allegiance to the United States and were becoming naturalized. The number of alien women brings the total to more than 1,000,000.

Polish speaking residents in 1910 numbered 943,781, of whom more than one half, 522,151, came from lands of the former kingdom, now under the foreign domination of Germany and Austria-Hungary.

Almost all the others came from Russian Poland. Austrian Poles numbered 329,418; German Poles 190,996 and Hungarian Poles, 2,637.

Statistics on the Austrian men in the United States show that of a total of 699,347, approximately one-fourth become citizens of this country. There were 149,914 naturalized Austrians, 55,935 whom had (Continued on Page 11, Col. 3.)

## ATTEMPT MADE TO DRAW ALLIES INTO DIPLOMATIC NET

(Associated Press Telegram)

London, Dec. 6.—The installment of secret documents made public on Tuesday by the Bolshevik foreign minister, according to a Petrograd dispatch to the Daily Mail, included a telegram from M. Nabokoff, the Russian charge in London, to Foreign Minister Terestchenko, dated October 6, which begins with the words: "Extra secret. Only for ministers."

The telegram intimates that M. Nabokoff had informed a special meeting of the ambassadors of France, Italy, the United States and Japan that he had received information from Madrid to the effect that a highly placed personage in Berlin had expressed a wish to the Spanish ambassador there to enter into peace negotiations. The Spanish government, however, could not undertake mediation and confined itself to stating that fact.

Having received this message, there were two alternatives: either to leave the German inquiry unanswered or to reply with care, and not to reply would have given the German government an opportunity to use the action as a means of raising the spirits of the German people and strengthening Germany's position in addition to increasing the agitation in Russia.

Therefore the British government, the document says, replied it would be ready to receive the communication which the German government felt itself able to make respecting peace and would consider the matter in conjunction with its allies.

Mr. Nabokoff adds that the ambassadors in discussing the question with A. J. Balfour, the British foreign minister, came to the conclusion that this was another attempt by Foreign Minister von Kuchmann to draw the allies into a net and it was determined that under no circumstances would one of the allies negotiate, at least until the matter could be considered collectively.

## SEIZED PICTURE OF THE KAISER IN WINE ROOM

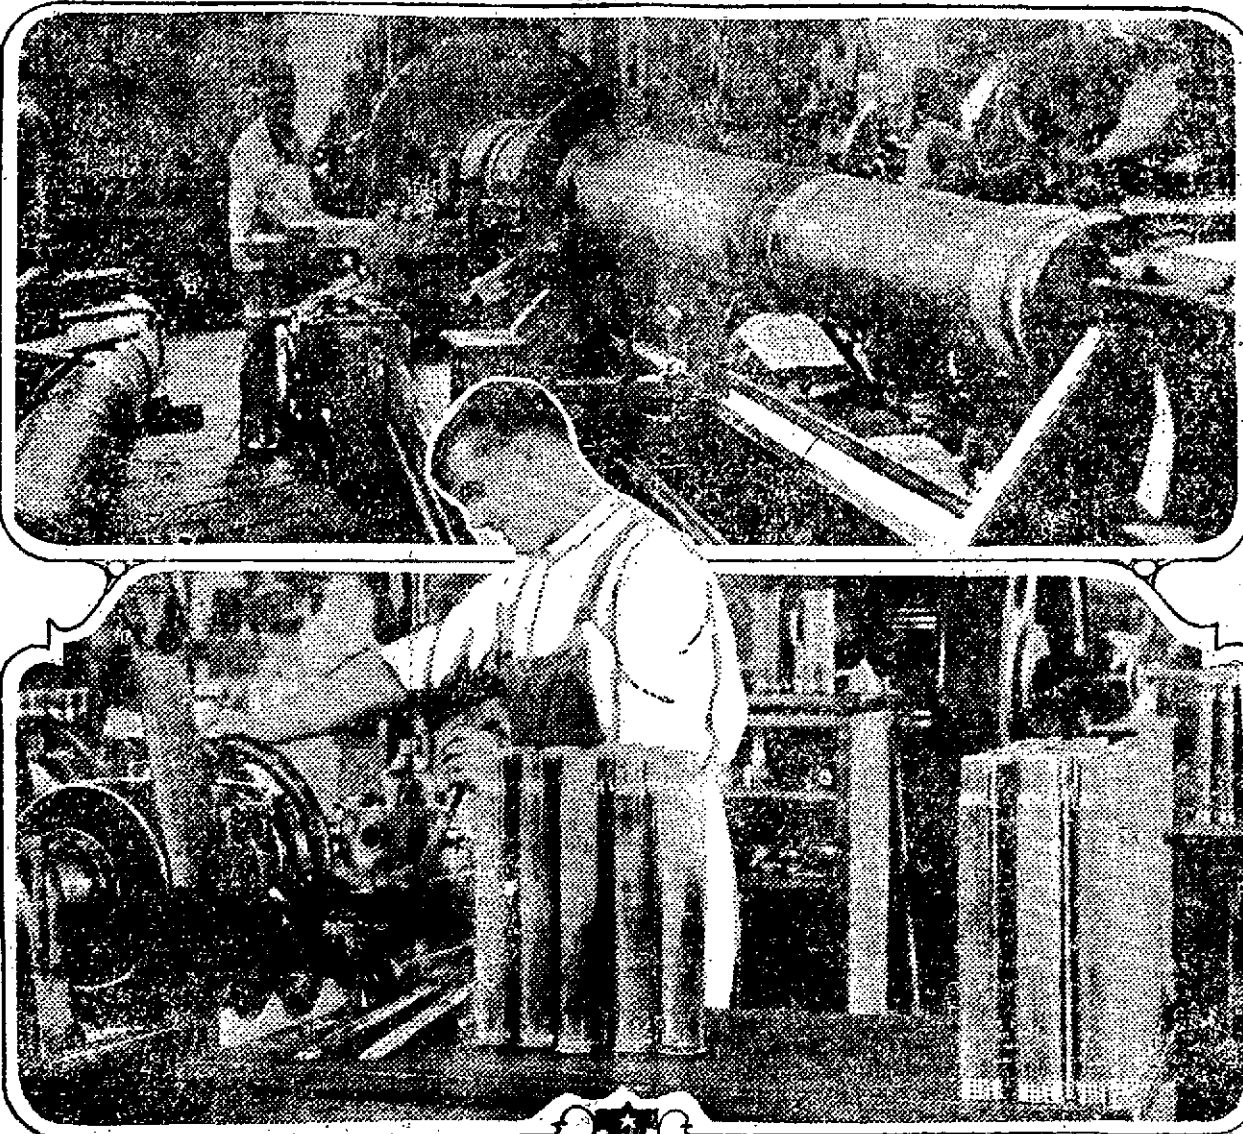

(Associated Press Telegram)

Toledo, O., Dec. 6.—Three government officers and a city detective faced a loaded revolver in a raid on a local saloon when the officers seized an enlarged picture of the emperor of Germany, which was hanging in a wine room. John Mueller, the proprietor, resisted the seizure and drew the weapon. He was overpowered and arrested on a technical charge.

# Twelve Hundred Killed In An Explosion As Ships Collide

AMERICAN GUN SHOPS ARE KEEPING STEP WITH ARMY

Shaping one of Uncle Sam's big guns on a lathe (above) and making cartridge cases in an American gun shop.

The work of producing guns and munitions for the use of America's new army is proceeding as satisfactorily as is the drilling of the army itself. American gun shops are busy at turning out the large guns for our fighters just as the cantonments are busy at turning out the fighters who are to use them.

## EARLY SHOPPING PAYS DIVIDENDS

Yes, early Christmas shopping really does pay dividends. Not the kind that most folks ordinarily think about, not the kind which come in every so often in the form of a check, but in another and much better way. Dividends from early Christmas shopping come in the satisfaction of getting the best selection before the holiday goods are picked over, in not being caught in the crowd of late shoppers, resulting in one finding it impossible to be waited on in a satisfactory manner.

Store clerks are human, they become tired quite naturally from the rush of work at the last minute just like anyone else. There is, therefore, the satisfaction of knowing that you have done a good turn by making the last few days before Christmas easier and more agreeable to the store clerk. These are surely real dividends. Are you going to get yours this Christmas?

Newark stores are ready to serve you and to help you in your selections. We suggest that you watch their advertisements. They are using the Newark newspapers for the purpose of bringing to your attention, the excellent bargains which they have to offer. They use the newspaper because they know this to be the best method of reaching the general public. It will pay you to read them carefully. Better still, however, inspect their goods in their stores today.

PUBLICITY BUREAU NEWARK CHAMBER OF COMMERCE.

## NO LEAVE FOR CAMP SHERIDAN BOYS XMAS DAY

(Associated Press Telegram)

Camp Sheridan, Montgomery, Ala., Dec. 6.—Camp Sheridan soldiers will spend Christmas in camp. Orders have been issued reading: "No home leave Christmas Day."

Officers believe that the 27,000 men in camp here soon will be going to France and that every day's leave granted them now impairs their training and efficiency.

The soldiers at Camp Sheridan will be freed practically from all duty from noon on the Saturday preceding Christmas until December 26.

Every man in headquarters company of the 135th field artillery has voluntarily taken a pledge that hereafter he would use neither cigarettes nor coffee. Of late the men have not been sleeping well and blamed cigarettes and coffee for it.

## PATROLMEN HAVE NUMEROUS DUTIES BUT BALK ON CATS

Chief of Police Sheridan is considering adding a new department to the police activities. On Wednesday afternoon he was called by phone at the police station by a woman residing in North Fourth street.

The woman wanted to know if he wouldn't send someone up right away to get rid of a number of cats who were annoying her greatly by pushing the lid off the garbage can. The woman was told that the department was sorry it had no authority to take charge of that kind of a case.

## U. S. MAY SEND TROOPS TO ITALY

(Associated Press Telegram)

Washington, Dec. 6.—The house foreign affairs committee's report on the war resolution declares that the United States probably soon will send troops to Italy.

## HUSBAND REMAINED WITH SICK WIFE AND SANK WITH STEAMER

(Associated Press Telegram)

London, Dec. 6.—Survivors of the British steamer *Apapa*, sunk by a German submarine, say that the second torpedo smashed a boat containing a score of passengers. Several were killed and the others, except three, were drowned. Of 14 women on the *Apapa*, eight were drowned.

Mrs. Harrison, wife of the controller of customs at Accra, Gold Coast, was severely ill of fever and efforts were made to remove her from her cabin. She asked that she be not removed because she felt too ill. Thereupon her husband said: "Very well. I will stay with you."

They remained in the cabin together and sank with the ship.

## R. R. OFFICIALS PLEAD GUILTY

(Associated Press Telegram)

Toledo, Dec. 6.—The Kannawha and Michigan and the Toledo and Ohio Central railroads pleaded guilty before Federal Judge J. M. Killits yesterday to a charge of granting concessions to shippers. The indictments returned two years ago, alleged the roads permitted the Kelly Creek Coal Co. company to store coal along the railroads' property without commensurate charges. Sentences have not been passed.

## ENGLAND IS RAIDED TODAY BY AIRPLANES

(Associated Press Telegram)

London, Dec. 6.—About 25 airplanes raided England today, it is announced officially. Of these machines six reached London.

Two of the raiders were brought down, the crew of three men on each machine being captured.

Bombs dropped by the raiders caused a number of fires in London, but all of them were quickly brought under control. The casualties are believed to be light.

This is the first German air raid over England in more than a month. The last previous raid occurred on the night of Oct. 31, being made by about thirty airplanes in seven groups. Eight persons were killed and 22 injured.

Bad weather conditions probably have been responsible for the pause in German operations. An official British report on aviation last night said two raids were carried out over Germany on Wednesday by British airplanes, the first which had been possible for more than a month, owing to incessant bad weather.

Seven persons were killed and twenty-one injured in the air raid. Chancellor Bonar Law announced today in the house of commons. Of the victims three were killed and ten injured in London.

## APPEAL MADE FOR SKILLED WORKMEN

(Associated Press Telegram)

Washington, Dec. 6.—An appeal for members of the United States public service reserve is made in a statement issued today by the department of labor. Mechanical draftsmen, technical men, shipbuilding helper and all men now employed in peace industries who have training and skill useful in war-work, are urged to enroll in the reserve and by doing so express a willingness to fill vacancies in industries engaged in the production of war-time necessities. It is pointed out, however, that enrollment does not obligate any workman to accept a job unless he is satisfied with the wages and conditions.

## U. S. FORMALLY RECOGNIZES SWITZERLAND'S NEUTRALITY

(Associated Press Telegram)

Berne, Switzerland, Dec. 6.—The American minister today handed to the political department a note informing the federal council that the United States formally recognizes the neutrality of Switzerland, declaring itself in complete agreement with the allies on the subject of recognizing Swiss neutrality and the inviolability of Swiss territory so long as the confederation maintains neutrality and the enemy respects that neutrality.

## HALIFAX IN FLAMES AND DEAD AND INJURED FILL STREETS AND HOSPITALS

Hundreds of Buildings Wrecked When Explosion Occurred and Ships Set Fire to Numerous Piers Along the Wharves

## FRENCH MUNITION SHIP RAMMED VESSEL BROADSIDE IN THE HARBOR

Number Killed When Passenger Stations Collapse and Cars Are Blown From Track For Distance of Two Miles—Casualty List Includes Twenty-Five Section Men—Millions of Dollars Worth of Property Destroyed—Red Cross Officials State None of Their Steamers In Halifax Today

(Associated Press Telegram)

Truro, N. S., Dec. 6.—Twelve hundred dead and many hundred injured was the estimate this afternoon of the casualties resulting when a French munition ship rammed a passenger liner near their piers at Halifax today.

The impact caused the ammunition in the French ship to explode setting the vessel afire. The flames spread to the piers and adjoining buildings, many of which had been wrecked by the explosion.

The ammunition ship was backing from her pier preparatory to sailing when the accident occurred. The force of the collision started a fire aboard. The crew was quickly called to quarters and an attempt was made to extinguish the flames. This failed and as the fire approached the holds where the explosives were stored the captain ordered the sea cocks opened. But the vessel drifted toward one of the piers and a few moments later an explosion occurred tearing the ship to bits.

When the decision was made to sink the steamer the crew was ordered into their small boats and so far as known they may have escaped.

The concussion of the explosion was terrific. Houses were shattered and many completely demolished. Storage sheds along the water front were levelled and the damage is estimated at millions of dollars.

This afternoon relief trains were being rushed to Halifax from nearby points, bringing firemen and fire apparatus and every physician and nurse available.

A telegraph line was working for a short time this afternoon into Halifax establishing the first communication with the city since the brief period that followed the explosion and before the telegraph and telephone wires were down.

A message on this wire said half the Richmond district, in which the disaster occurred was flat and the fire still raging there. Persons were said to be lying dead in the streets. The hospitals were filled with injured while scores unable to find accommodations in the hospitals though fearfully injured, were wandering helplessly along the streets.

The disaster was said to be fully as great as first reports indicated. The fire attacked the northern section of the city where the Canadian Pacific railway station was destroyed. In that section are located several large hotels but nothing of their fate has been learned here.

A procession of automobiles is augmenting the service of the trains by carrying physicians and nurses and also great quantities of food.

Meagre reports are being brought back in this way though no one has been able to obtain a comprehensive idea of the situation. The telegraph wires are down from Bedford to Halifax and except for the wire temporarily restored, communication direct was still impossible this afternoon.

(Associated Press Telegram)

Amherst, N. S., Dec. 6.—Scores of people have been killed, hundreds of buildings destroyed, and a portion of Halifax set on fire by an explosion which occurred after the collision of an American ammunition ship and another vessel at Rockingham, according to telephone messages reaching here this morning. The explosion was so terrific that it destroyed the installation in the telegraph and telephone offices for 30 miles around

Halifax, while it was heard at Truro, 61 miles distant. It is reported that the American munition ship was moving out from her pier and was rammed broadside by another vessel. Instantly, there was a tremendous explosion which destroyed the two ships and killed their crews.

The concussion resulting caused the roof of the railway depot at North street to collapse, while all the warehouses on the waterfront for a (Continued on Page 2, Col. 3.)

## DEVELOP YOUR LATENT CAPACITY FOR SAVING

Everyone has some idea of how much he can save from his income.

Put to the test, few but can increase this amount by a good round sum.

We know of some Newark families in fact, that have been able to save a surprising amount from small incomes, in the very face of adversity.

The latent capacity for saving, their ability to economize, was far beyond the mark for which they aimed in normal times.

This is YOUR opportunity to develop YOUR LATENT CAPACITY for saving. Make a serious, determined effort, and YOU can increase YOUR saving to your own great advantage.

PERMANENT AS THE PYRAMIDS

## LEHMAN AGREES TO VISIT THE SCENE OF WIFE'S MURDER

(ASSOCIATED PRESS TELEGRAM)

Wauson, O., Dec. 6.—In an effort to complete the jury which is to decide whether Fred Lehman, young Fulton county farmer, is guilty of killing his 23-year-old wife on the night of September 17, at their farm of 40 jurors will be examined today. But two are needed to complete the panel. Twice yesterday the panel was complete, but was kept down to eleven-member when both the defense and prosecution exercised their prerogative to oust a prospective juror.

Opposition to conviction on circumstantial evidence and to capital punishment, coupled with illness in prospective jurors' families rapidly exhausted the first four venues. "Sure, I'll go," said Lehman, when asked whether he would accompany the jury when it is selected, to the scene of the alleged murder. The accused was more lively yesterday than he has been at any other time during the proceedings, and evinced a lively interest in all that transpired. He frequently consulted with his lawyers.

The process of selecting the remaining jurors will proceed with the opening of court and it is hoped to get into the actual trial before this evening. Rumors are flying fast in Wauson, where the trial is on. One was that Mrs. Alice Fenton, "the woman in the case," had killed herself. This was found to be untrue. Another was that Daniel Lehman, father of the accused, had been poisoned. This, too, turned out to be false. The elder Lehman has been ill several days.

## TWELVE HUNDRED KILLED IN AN EXPLOSION AS SHIPS COLLIDE

(Continued from Page 1.)

mile and a half were damaged. The premises affected in many places caught fire.

The force of the concussion was so great that freight cars were blown off railway tracks along a stretch of two miles.

Messages asking for fire engines and firefighting apparatus, doctors and nurses, hospital supplies, etc., were received from Halifax by a number of localities in Nova Scotia. Special trains were made up with everything required that could be procured.

At Truro, Windsor, and here the city councils met and decided to take immediate steps to render aid to the afflicted people of Halifax. It is understood that large quantities of food were destroyed and that the citizens of Halifax may soon be in danger of starving.

It was decided that carloads of food must be dispatched at once. The damage done to the Western Union and Canadian Pacific Telegraph companies and Nova Scotia Telephone company is so complete it is likely to be days before wire communication with points outside Halifax can be restored.

Later, it was stated positively here that there were several transports in the harbor when the explosion occurred. Nothing as to the fate of these was obtainable. Neither is it known whether the transports were filled with troops or occupied only by their crews.

Attempts to communicate with Halifax by telephone failed as none of the wires which went down during a storm Sunday had been restored. Efforts to reach some point on the peninsula were continued.

The radio is the most likely instrument of communication and this source was being worked to the limit this forenoon.

For many years Halifax has been the chief British military and naval station on the American continent. Its harbor, one of the most spacious in the world is large enough to float the entire British navy and is strongly fortified. In addition to the fortifications there is a government dock yard containing an immense dry dock.

The city's population, according to the 1911 census is about 47,000. Halifax is the eastern terminus of the Canadian Pacific railway and the Canadian government railways. Steamship lines operate between the port and points in New Foundland, Great Britain, the United States and the West Indies.

Since the outbreak of the war Halifax has assumed a more important position than ever, as it is the principal port from which men, munitions and supplies are transported from Canada to the battlefields of France and northern France.

## PLACE NUMBER OF DEAD AT OVER 300.

(ASSOCIATED PRESS TELEGRAM)

Truro, N. S., Dec. 6.—Advices from Halifax early this afternoon gave the number of dead from the munition ship explosion at over three hundred.

The advices further stated that the ship which collided with the munition vessel was a Red Cross liner.

Reports reaching here early this afternoon said it was feared scores of persons lost their lives when the railway station at Halifax collapsed. Twenty-five railway workers were killed on the track near Richmond.

COAST RADIO STATIONS.  
(ASSOCIATED PRESS TELEGRAM)  
Boston, Dec. 6.—Efforts to communicate by wireless with Halifax were made. There was some difficulty, however, because of the war regulations under which the radio stations on the Atlantic coast are now operated. None of the radio stations had received anything concerning the explosion up to 10:40.

## RAILROADS WILL NEED BILLION FOR WAR TRAFFIC 1918

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 6.—Railroad presidents composing the railroads war board today informed Chairman Newlands, head of the congressional committee dealing with transportation problems, that if congress removed the legal prohibitions which forbid unification of the roads for the war emergency government operation would be unnecessary.

Chairman Newlands asked the railway executives for an estimate of the money needed by the railroads to equip them for the emergency and they promised to prepare it in time for presentation to President Wilson Monday.

The president himself began considering the question today in conference with Chairman Hall of the interstate commerce commission.

The railroad men, it is understood, estimated that \$1,000,000,000 will be needed to equip and enlarge their facilities for handling war traffic in 1918. How it should be raised however was not discussed. Senator Newlands said, and there is a question whether it would be obtained by a loan from the government or by government guarantee.

## ROCKINGHAM, SUBURBAN VILL. AMHERST, N. S., DEC. 6.—Rocking-

ham, where the explosion occurred, is a suburban village about three miles north of Halifax. It is situated on the west shore of the Bedford Basin, a continuation of Halifax harbor.

## CENSOR IN CHARGE.

(ASSOCIATED PRESS TELEGRAM)

St. John's, N. B., Dec. 6.—It is announced here that the censor has taken control of all wires at Halifax in connection with the explosion there.

## CLASH NO RED CROSS STEAMERS IN HALIFAX.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 6.—Red Cross line officials here said today that none of their steamers was in Halifax and that the report that one of them had been in collision with the ammunition ship must be erroneous. The Red Cross liner Florizel, the officials said, was at Halifax earlier in the week, but left Tuesday and her arrival at St. John's, N. B., was reported yesterday.

## GO PER CENT OF CITY REPORTED AS DESTROYED.

(ASSOCIATED PRESS TELEGRAM)

Montreal, Dec. 6.—Sixty per cent. of the city of Halifax is in ruins, according to reports to the Canadian government railways. Among the buildings destroyed are the new deep water freight terminals of the government railways at the north end of the city. No report has been received about the ocean terminals, but it is believed they have not been damaged.

## GOVERNOR ACTS PROMPTLY.

(ASSOCIATED PRESS TELEGRAM)

Boston, Dec. 6.—Governor McCall on learning of the disaster at Halifax today filed the following telegram addressed to the mayor of Halifax:

"Understand your city in danger from explosion and conflagration. Reports only fragmentary. Massachusetts stands ready to go the limit in rendering every assistance you may be in need of. Wire me immediately."

## ITALIANS CLAIM MANY PRISONERS

(ASSOCIATED PRESS TELEGRAM)

Italian Army Headquarters in Northern Italy, Wednesday, Dec. 5.—The furious enemy attack on the Asiago plateau has been repulsed with heavy losses, except at the northeastern sector, around Monte Tonderecar, where after a desperate struggle which lasted until this morning, the enemy succeeded in occupying some of the advanced Italian lines, which were retired to more secure positions.

The fighting has been extremely heavy, with masses of infantry engaged in hand-to-hand combat. The first attack on the Italian left was met and repulsed by the Twenty-second corps with large enemy casualties. Many prisoners were taken. The main attack on the Italian right was contested 36 hours by other corps, which inflicted heavy losses before yielding ground.

## NEWS FROM BERLIN.

(ASSOCIATED PRESS TELEGRAM)

Berlin (via London), Dec. 6.—Eleven thousand Italians have been captured by the Austro-Germans in their new offensive on the mountainous front of northern Italy. It was officially announced today by the German war office.

Strong Italian positions in the Melette region of the northern front were taken and held by the Teutonic forces, who captured more than 60 guns, the statement says.

## TRY THIS FOR YOUR COLD

What you need is this sensible and effective remedy, Dr. Bell's Pine-Tar-Honey, at once.

As a cold is only dangerous when neglected, the prompt use of Dr. Bell's Pine-Tar-Honey will break it up and prevent the weakening cough from becoming chronic. Balm and healing agents soon overcome the cold germs, loosen the phlegm, relieve congestion and quickly relieve the cold.

Search as you will, you will not find a better remedy than Dr. Bell's Pine-Tar-Honey. Not only recent or lingering coughs, but gripple, bronchitis, or asthma are helped toward speedy recovery by its proper use. Children take it without coaxing and wise mothers have it handy for dangerous croup.

Tear this ad. out and take it to your druggist with 2c. and he will give you the genuine Dr. Bell's Pine-Tar-Honey. Advertisement.

## RAILROADS WILL NEED BILLION FOR WAR TRAFFIC 1918

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 6.—Railroad presidents composing the railroads war board today informed Chairman Newlands, head of the congressional committee dealing with transportation problems, that if congress removed the legal prohibitions which forbid unification of the roads for the war emergency government operation would be unnecessary.

Chairman Newlands asked the railway executives for an estimate of the money needed by the railroads to equip them for the emergency and they promised to prepare it in time for presentation to President Wilson Monday.

The president himself began considering the question today in conference with Chairman Hall of the interstate commerce commission.

The railroad men, it is understood, estimated that \$1,000,000,000 will be needed to equip and enlarge their facilities for handling war traffic in 1918. How it should be raised however was not discussed. Senator Newlands said, and there is a question whether it would be obtained by a loan from the government or by government guarantee.

## CLUB TO ATTEND ROTARY BANQUET AT ZANESVILLE

(ASSOCIATED PRESS TELEGRAM)

A large number of the members of the Newark Rotary Club will go to Zanesville this evening at 5 o'clock to attend a Rotarian banquet at the Clarion hotel.

It is the monthly meeting of the organization and the address of the evening will be delivered by Allen A. Alberts, first national president of the Rotarians. The banquet will be served at 6 o'clock and Mr. Alberts will speak on "Rotarian Principles."

## FOUR TRAINMEN KILLED IN WRECK ON ERIE ROAD

(ASSOCIATED PRESS TELEGRAM)

Rochester, N. Y., Dec. 6.—Four trainmen were killed and two seriously injured last night when Erie train No. 48, bound for New York, ran into a freight at Susquehanna, Pa. Two trainmen were seriously injured, but none of the passengers was badly hurt.

Several coaches were derailed and the wreckage of the freight train caught fire.

## GERMANS ARE CHECKED BY GEN. BYNG'S FORCE

(Continued from Page 1.)

representatives of the central powers for an armistice and peace are sending the replies to their proposals. According to an official statement issued in Petrograd, the Germans declined to discuss peace terms and plans to extend the armistice to all fronts.

The Russians demanded that the Germans agree not to take any troops from the eastern theater to other fronts, and to evacuate the islands in the Gulf of Riga. These were refused by the Germans, who proposed that the armistice affect only the front between the Baltic and Black Seas, which the Russians submitted to their military experts for examination. Twenty-eight days were agreed upon as the length of the temporary armistice. Reports that Rumanya is to take part in an armistice negotiation was most satisfactory. Their praise its coolness under fire and the ability of the men to work without interruption is regarded as most commendable.

American army aviators are now working with the artillery and the results so far have been most satisfactory to both branches of the service. Yesterday, American airmen flew over a certain section of the American zone and took photographs. The artillery started firing at five separate targets located from the photographs. The aviators took to the air and the observers watched the results of the firing, which was at a considerable range.

The first shells fell wide of the mark, but within four minutes the observers were able to correct this with wireless messages to the batteries, so that the shells began to hit the location. Later the observers had practice in locating the other "enemy" with more or less success.

## RED CROSS WINDOW.

The J. J. Carroll store has an interesting Red Cross Window. Two figures are attired as the nurses in conventional uniform, while a big red cross centers the window. The window is filled with packets and bandages, surgical dressings, pillows, night shirts, surgical pads, and hospital gowns. The articles are the work of the Licking county Red Cross.

## NEWARK ROUTE NO. 7.

Mr. and Mrs. Noble Porter and son Guy and daughter Lucille, Mrs. Minnie Layman and Mrs. Katharine Layman called on Mr. and Mrs. John Miller Sunday evening.

Mrs. Emma Moore is visiting relatives at Newark this week. Mr. and Mrs. L. N. Porter and son Guy and daughter Lucille, Mr. and Mrs. Cary Pound and children visited Thanksgiving day with Mr. and Mrs. C. H. Fisk.

Mr. and Mrs. Charles Fisk and Mr. and Mrs. John Miller visited Thanksgiving day with Mr. and Mrs. G. N. Chapin at Goshen.

Mrs. Layman is spending some time with her son and family, Mr. and Mrs. Calvin Layman.

Cold Cough Headache and Grip LAXATIVE BROMO QUININE removes the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box, 30c. 11-8-th-if

## DOES YOUR HUSBAND DRINK? DRUGGIST TELLS HOW TO CURE THE LIQUOR HABIT AT HOME

Free Prescription Can Be Filled At Any Drug Store And Given Secretly

It, J. Brown, a Cleveland man, was for many years a confirmed drunkard. His friends and relatives despaired of ever redeeming him. His sister sought the best medical men in Europe in the hope that she might find something which would cure him. Finally she was recommended to an eminent chemist, who gave her a private formula (the same as appears below) and told her how to use it. She had it filled at the drug store and gave it to him secretly. The results were startling. In a few weeks he was completely cured. That was over eight years ago and he has not touched a drop since. He now occupies a position of trust and is enthusiastic in his efforts to help others overcome the liquor habit. He feels that he can best do this by making public the same formula which cured him. Here is the prescription: Go to any first-class drug store and get prepared Tescum Powder. Drop one or two twice a day in coffee, tea or any liquid. It is harmless, tasteless, odorless and cannot be detected. You can use it without the knowledge of anyone. A lady who recently tried it on her husband reports: "My husband was on an spree when I got the powder and he usually stays drunk from three to four weeks at a time. After putting the powder in his coffee for four days he sobered up and has not taken a drink since, and says he is through with it forever. He also complained

that whiskey did not taste the same. I shall not tell him what did it, but I am grateful for this help and I shall recommend it whenever possible. One woman who used this prescription on her husband says: "It is going on the fourth week since he has touched a drop of anything in the form of liquor or used tobacco of any kind. He seems already like a different man. Tescum has gained a wonderful enthusiasm in me. I regard it as a Godsend. Just think, I have never seen my husband sober for more than 48 hours in years and now it is going on one month since he had his last drink."

Another one gratefully writes: "I have used tescum powder on my husband and find it one of the greatest cures in this world. He hasn't taken a drink for almost five weeks and says he never will. My home does not seem like the same place and life seems worth living. I hope thousands gain what I have. This has been a good new year for me without drink in my home."

Next to a leading druggist, when shown the above article said: "Yes, tescum is a very remarkable remedy for the drink habit. It is harmless, won't cure in this world. It is having an enormous sale. I advise everyone who wishes to destroy the liquor habit to give it a trial." You take no risk with Tescum as it is sold in this city under a steelbound money-refund guarantee by T. J. Evans and other first class druggists. They guarantee it to do the work or refund the money.—Advertisement.

**TRY MAGNESIA FOR YOUR  
STOMACH TROUBLE**  
It Neutralizes Stomach Acidity, Prevents Food Fermentation, Drives Out Gases, Stops Indigestion.  
**RELIEVED  
RHEUMATICS**  
Recommending "Neutrone Prescription 99"

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bisurated Magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure Bisurated Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little Bisurated Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the Bisurated Magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

### OLD SORES, ULCERS AND ECZEMA VANISH

Good, Old, Reliable Peterson's Ointment: a Favorite Remedy.

"Had 50 ulcers on my legs. Doctors wanted to cut me off. Peterson's Ointment cured me." Wm. J. Nichols, 44 Wilder St., Rochester, N. Y.

Get a large box for 25 cents at any drug-gist, says Peterson, and money back if it doesn't help you at once. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, and the surest remedy for skin diseases, pimples, itching eczema, and piles two world has ever known.

"Peterson's Ointment is the best for itching and itching piles I have ever found." Major Charles E. Whitney, Vineyard Haven, Mass.

"Peterson's Ointment has given great satisfaction for skin ulcers." Mrs. J. L. Weiss, Cambridge, N. Y.

All drug-gists sell it. Recommend it. Sold by Evans' Cut Rate Drug Store.

## PHYSICIANS WHO HAVE BEEN NAMED BY STATE BOARD

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Dec. 6.—Names of physicians in various parts of the state who will be members of medical advisory boards in the next draft, made public through the office of Governor James M. Cox today, include those of specialists in eye, ear, nose and throat, X-ray and other specialists. The physicians will act in an advisory capacity for draft boards, all uncertain cases involving physical condition of men called into the draft being referred to them for final verdict as to whether the draftees are fit for military service.

Through activity of the advisory boards, physical examination of men will be expedited and much more satisfactory handled than in the first draft when, for lack of time and because only one or two physicians were available for service on each board many men were sent to military camps only to be found physically unfit for the army. Wholesale discharged at Camp Sherman accompanied by complaint from officers there that draft boards were careless in expected to be overcome in the second draft.

At selective draft headquarters here today it was said that much expense incurred in sending physically defective men to camp and then return them to their homes, will be eliminated while the injustice of calling such men from civil life will be corrected by finding their defects in the initial examination.

In effect, it was said at state draft headquarters today, the board will be an appeals medical board, to which either the government or the draftee may appeal where doubt exists as to the draftee's physical condition.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Dec. 6.—State draft headquarters today made public the names of physicians in various parts of Ohio who have been named on medical advisory boards to assist in the draft.

The following were appointed to have jurisdiction in the work of the two Cuyahoga county draft boards and Cleveland draft boards from one to eight: Drs. R. H. Birge, George F. Thomas, H. H. Drysdale, J. E. Cogan, C. F. Hoover, C. L. Cramer, George W. Morehouse, Frank Oakley, all of Cleveland.

The following will have jurisdiction over Cuyahoga county draft boards from 8 to 18: all in Cleveland: Drs. J. V. Gallagher, W. L. Lefevre, A. B. Howard, W. B. Chamberlain, Louis W. Ladd, N. W. Ingalls, John H. Lowman, I. E. Seward.

The following Cincinnati doctors will have jurisdiction in that city: Drs. R. B. Coffield, Wm. M. Doughty, F. W. Langdon, C. J. King, Oliver P. Holt, F. B. Samson, Henry K. Dunham, Dudley Webb.

The following Cincinnati physicians will have jurisdiction in Brown, Butler, Clermont, Clinton, Highland, Warren and two Hamilton county boards and in the draft board of the city of Hamilton: Drs. Harry H. Hines, Charles Goosman, J. M. Rathliff, D. V. Vail, Marv Brown, Wm. B. Wherry, C. S. Rockhill, E. O. Smith.

The following Akron physicians will have jurisdiction in five city of Akron boards, one Summit county board, and one Portage county board: Drs. John H. Weber, G. W. Rockwell, H. J. Cozard, D. W. Stevenson, J. M. Weller and S. J. Metzger.

The following Canton and Massillon doctors will have jurisdiction in the two Canton boards, the two Tuscarawas county boards, the two Stark county boards, one Carroll county board, one Holmes county board, and one Wayne county board: Drs. Henry C. Eymann of Massillon, and A. B. Walker, J. E. Shorb, C. A. Crane, J. F. Marschand, A. H. Calhoun, all of Canton.

These Dayton physicians will have jurisdiction in the three Dayton boards and one board each in Darke county, Greene county, Fayette county, Miami county, Montgomery county, and Preble and Shelby counties: Drs. L. G. Bowers, W. H. Delcamp, C. W. King, H. D. Harris, C. H. Breidenbach, N. D. Goodhue, J. D. Kramer, George B. Evans.

The following Springfield physicians will have jurisdiction in the Springfield board, the Clark county board, the Champagne county board, the Logan county board, and the boards of Madison and Union counties: Drs. Joseph A. Link, E. R. Brubaker, F. P. Anzinger, C. L. Minor, H. B. Martin and C. L. Jones.

The following Columbus physicians will have jurisdiction in the four Columbus boards, the one Franklin county board, the one Franklin county board, and these county boards: Licking, Pickaway, Delaware, Fairfield: Drs. E. M. Gilliam, Herman L. Harris, W. D. Dueschle, Andrew Timberman, T. W. Rankin, J. J. Coons, C. O. Probst, H. A. Baldwin.

The following Toledo physicians will have jurisdiction in the six Toledo boards and the following boards: Defiance, Fulton, Henry, Lucas, Ottawa, Paulding, Sandusky, Seneca, Williams and Wood counties: Drs. C. N. Smith, Henry Dachtler, Louis Miller, Walter H. Snyder, L. C. Gross, S. S. Hindman, Ralph P. Daniels, John G. Keller.

The following Ashtabula doctors will have supervision over the Ashtabula, Geauga and Lake county boards: Drs. C. E. Case, W. S. King, E. E. Crockett.

Drs. Stephen A. Cunningham, Charles A. Gallagher, F. E. McKim and Charles E. Williams, all of Marquette, will have supervision in Washington, Monroe and Morgan counties.

Drs. J. H. Nichols, J. L. Stevens, E. O. Brown, Ralph C. Wise and R. V. Meyers, all of Mansfield, will have supervision in Richland, Morrow, Knox, Crawford and Ashland counties.

Portsmouth physicians will have supervision in Ross, Scioto, Adams, Lawrence and Pike counties.

Drs. O. S. Steiner, H. A. Thomas, C. H. Clark, A. W. Bice, P. I. Tusing and S. H. Arkellian, all of Lima,

will have supervision in Allen, Auglaize, Hancock, Hardin, Marion, Mercer, Putnam, Van Wert and Wyandotte counties.

Lorain physicians will have supervision in Erie, Lorain, Medina and Huron counties.

Youngstown physicians will have supervision in Mahoning, Columbiana and Trumbull counties.

Dr. J. McLain of Coshocton, and Drs. J. Holston, F. S. Baron, C. U. Hanna and Herbert Infield, all of Zanesville, will have supervision in Muskingum, Coshocton, Guernsey, Noble and Perry counties.

## 3 FROM HEBRON ON CORN SPECIAL AT WASHINGTON

Among the young people who are now enjoying a trip to Washington on the "corn special" are three representatives of the Hebron schools—Mrs. Mary Brown, Ralph Fitch and Theron D. Cletner.

MISS MARY BROWN.

Daughter of Charles B. Brown, member of the Hebron school board, Miss Brown, who lives southwest of Hebron, was a senior in the Hebron schools last year and is now taking a normal course of study. She is enjoying a trip to Washington as a guest of the Hebron Grange, having ranked highest among eight contestants in home economics.

Theron D. Cletner

Son of David Cletner is a seventh grade boy in the Hebron schools. He won the Hebron bank's trip to Washington by growing 74 bushels of corn on an acre of ground, plowing the ground twice and using no fertilizer. This contest was confined to Licking and Union township.

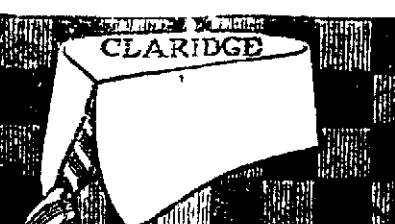

Ralph Fitch

Son of A. V. Fitch, who won a trip to Washington as a prize given by the Hebron schools for the greatest proficiency in pig raising. Ralph is a sophomore in the Hebron schools and lives near Buckeye Lake.

**BLADENSBURG MASONRY.**  
The following officers have been elected by Ohio lodge, No. 139, F. & A. M. of Bladensburg: W. M. Timothy Morningstar, S. W. Grover Hoss; J. W. Orrin Fawcett; treasurer, King Lepley; secretary, Emmett Hall; S. D. Aaron Lepley; J. D. Frank Hall; stewards, Cleveland Rice and Seman Harris; Tyler, Thos. J. Early; trustee, Jackson Blount.

**BRANDON REBEKAHS.**  
At a meeting of the Rebekah lodge of Brandon the following officers were elected: N. G. Ethel Coe, V. G. Dueschle, recording secretary, Fama Ward; financial secretary, Jesse Shufelt; treasurer, Pearl More; pianist, Anna Vast; drillmaster, Elmer Williams; trustee, Della Conaway.

**THE  
Detroit  
ELECTRIC**  
Today's Car of Utility and Economy

## Economy and Utility

blended with

## Smooth, Reliable Performance

Naturally the upkeep expense of a Detroit Electric is surprisingly low when compared to that of a gas car.

Because of its simplicity of construction and few moving parts, there is practically never any need for repairs or service attention.

Furthermore, electricity is the cheapest motor car fuel known. And gasoline is high and getting higher.

To this economy of the Detroit Electric is added its wonderful utility.

Each member of the family can drive it expertly and safely.

And this utility is enhanced by the smoothness, the travel-ease, and the absolute reliability of the car's performance.

May we arrange a demonstration?

BUY THRIFT STAMPS.

United States government war-savings thrift cards and stamps may now be obtained at the Newark postoffice and will soon be offered at numerous other places in this city and through the county. At the same time war-savings certificates are offered to the public. The thrift stamps cost 25 cents each, the savings certificates \$4.12 at the present time.

The 25-cent thrift stamps are issued to help people to save their money and as these stamps are accumulated they may be exchanged for \$5 war-savings certificate stamps. The 25-cent thrift stamps bear no interest, but the war-savings certificate stamps bear 4 per cent interest.

The \$5 certificate is payable in 1923. It includes the return to you of your money, plus the compound interest the government will pay you. The money used in buying these stamps and certificates is a loan to Uncle Sam, therefore it is absolutely safe and the holder of thrift stamps and war-savings certificates will have the satisfaction of knowing he is helping his government to win the war.

A United States war-savings certificate, series of 1918, will be an obligation of the United States when, and only when, one or more United States war-savings stamps, series of 1918, shall be affixed thereto. Each of such certificates will have spaces for 20 such stamps, and each of such stamps thereto affixed will have a maturity value of \$5 on January 1, 1923, which will accordingly give each such certificate, when bearing its full complement of such stamps, a maturity value of \$100 on said date. No certificate will be issued unless at the same time one or more war-savings stamps shall be purchased and affixed thereto, but no additional charge will be made for the certificate itself. The name of the owner of each certificate must be written upon such certificate at the time of the issue thereof.

Owners of war-savings certificates will be entitled to receive, on January 1, 1923, at the treasury department in Washington, or at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

Any owner of a war-savings certificate, at his option, will be entitled to receive at any time after January 2, 1918, and prior to January 1, 1923, at a money-order postoffice, upon surrender of such certificates and upon compliance with all other provisions thereof, of \$5 in respect of each war-savings stamp, series of 1918, when affixed thereto, but no postoffice shall be required to make any such payment until 10 days after receiving written demand therefor.

1923, at a money-order postoffice, upon surrender of his certificate and upon compliance with all other provisions thereof, in respect of each war-savings stamp, series of 1918, then affixed to such certificate, the amount of the face of the stamp or stamps affixed, plus 1 cent per month for each stamp, but no postoffice shall make any such payment until 10 days after receiving written demand therefor.

The Newark postmaster will be glad to explain the proposition in detail. It looks a little complex at first, but that is because the plan in America is new. The idea was borrowed from England where the British government has used it very successfully in securing funds for prosecution of the war. Help Uncle Sam by buying thrift stamps. They are as good as gold and these stamps may be exchanged for certificates which pay you interest just as does a Liberty bond.

RED CROSS WORK.

A very interesting use in Red Cross work has been found for the worn and discarded tracing cloth which is used in great quantities in the drafting rooms of factories, railroad and engineering offices and the like.

This old linen, which is of quality as fine as that used in the best of handkerchiefs, is adaptable to the making of certain Red Cross surgical supplies. All that is needed is to wash out the transparentized coating and clean and sterilize the waste linen to make it ready for the hands of women-workers in Red Cross chapters.

The war department already is collecting the waste tracing cloth from its various bureaus in Washington, and turning it over to the District of Columbia chapter workrooms. The editor of one of the leading laundry journals has offered to appeal through his periodical to the thousands of power laundries of the country to render a patriotic service by collecting, laundering and sterilizing similar waste linen, and delivering it to Red Cross workrooms throughout the United States.

As practically every community of any size has a power laundry, large amounts of "raw material" thus become available to Red Cross chapters free of cost. Division managers of the Red Cross have been asked to notify the chapters of this source of supply.

The so-called "conscientious objectors" are disfranchised in England now, but in this country we all stand around to listen to them tell why other people should do their fighting for them.

The Newark people who wouldn't clean up their places this fall because winter was coming so soon, are the same ones who wouldn't clean up last spring because fall is the best time.

It's about time to require the German plotters to take their evening strolls in some direction other than the railroads and the food warehouses.

The shortage of pennies will come hard on those capitalists who so grandly bestow those bright new pennies upon the kids.

PREVENTING IMPORTS.

(Ohio State Journal.)  
President Wilson has issued a decree against the importation of luxuries or unneeded merchandise. There are two objects in this decree: First, to turn out tonnage into the transportation of necessities required to sustain the nation in the war it has undertaken; and second, to discourage the people in the use of luxuries and the whole purpose is to save the nation from needless eating and to lead it into those economies that will enable it to preserve its strength.

The idea is to use our transportation facilities for things that the people really need and thus devote our carrying capacity to the demands of the government. It is certainly a wise precaution. It is action the nation must take to keep its people from frittering away its energies upon useless things. And how much of this is done? We will have to learn before the end of the terrible struggle we are in. It is now a test in the conservation of energy.

OHIO AND NEW YORK.

(Denver News.)  
If the Empire state went a hundred thousand, more or less, for woman's suffrage, and Ohio, one of the largest group of commonwealths, voted by an equal number against the proposition, what then? Could there be a more cogent argument for removing the whole question of the suffrage from geographical distinctions and placing it before the nation as a whole?

Are not the women of Ohio as intelligent as the women of New York state, including the city of New York?

If the women of New York state are entitled to the franchise, why are not the women of the other state and of the whole nation entitled to the same privilege?

If it is dangerous to trust the women of Ohio with the franchise, is it any less dangerous to have the women of the other state voting in national and local elections?

Woman's suffrage is a national, not a state, matter. It is going to be settled by a national referendum.

THE ADVOCATE'S TRAVELING IDOT

With every exertion, the best of men can do but a moderate amount of good; but it seems in the power of the most contemptible individual to do incalculable mischief. —Washington Irving.

In No Shape for Winter.  
'Tis cold and was well the poet had to say. For well we all know that the poet's foot is without a shoe. And its brow is without a hat.

Grateful for Small Favors.  
Ann Caline says:—Zeke an' me was ast over to Jay Byrd's last nite where Ura, which is Jay's wife, was a-givin' what she called one of these muscullis; an' Ura's cousin, which thinks she kin sing, she wormed her way through a song which I was called "I dream I dwell in marble halls" an' I guess she had stayed there till she was about froze from the way she yelled. Zeke he gotten into a comf-

table cheer in a corner behind me an' he step through it all. When the muscullis was over an' I was thinkin' I could make a easy escape Ura she stood her cussin up an' an' she recite a piece which it was about a girl a-trivin' to save her lover from hangin' a bell or somethin' an' it had a line into it which it said, "Curfew shall not sing tonight," an' the cussin she said it rite loud an' Zeke he sprung up an' he says, "Thank heaven fer that!" he says, "In a reel firm voice, which he wasn't ill awake.

To a Girl on a Magazine Cover.  
Darling, you are growing bolder. You will drive a man to drink. In your wealth of hair I notice Purple threads among the pink.

You are also growing older. But the dress you are wearing shows Ships completely off your shoulder As it did in days of yore.

Did You Know  
That the farthingale was introduced into England in the reign of Elizabeth? It flourished, at inter-

UNANIMOUS REPUDIATION.

(Cleveland Plain Dealer.)

When America entered the war the loyal American people were considerably concerned let the utterances of Senator La Follette and other promi-

nently placed misfits might give to America's allies and enemies a false impression of the American spirit. Somewhat similar exasperation now exists in England over the remarks of the Marquis of Lansdowne. Loyal England fears that the nation may be put in a false light by one prominent man.

Apparently these fears are groundless. The British spirit is too well known to be misunderstood. The spirit of France, of Italy, of America, of the lesser allies is also the spirit of England. It is no reproach to England that the people of the allies join with the people of England in repudiating the Lansdowne plea for peace.

Yet there is in the Lansdowne letter nothing inherently contemptible or cowardly. His plea that the German people be assured that the allies ruin their country will find an echo in all civilized countries. Not the Lansdowne end, but the Lansdowne means, must be condemned. To propose that peace be advanced by any dicker with perjured Prussianism is to display a complete misapprehension of the meaning of Prussianism and a lack of understanding of the war's significance. The allies are not aiming to destroy Germany, but they are pledged to destroy the monstrous incubus of Hohenzollernism, the existence of which makes the world unsafe for freedom and civilization.

For Lansdowne's good intentions the people of America are ready to give him credit. That he spoke unwisely and at the worst possible time America is convinced. But America is also assured that he spoke solely for himself, that he represents no considerable British sentiment and that the aims of the allies will not in the least be modified by his irresponsible utterance.

WISCONSIN SITUATION.

(Pittsburgh Telegraph.)

Henry Hall, Washington correspondent of the Chronicle Telegraph, is in Wisconsin observing the situation caused by the death of United States Senator Paul Hastings, the question of whose successor is now agitating the voters of that state. The first of Colonel Hall's articles appears in today's issue, coincident with the day originally set for the holding of the investigation of the Washington into alleged improper utterances of Senator Robert M. La Follette, whose attitude toward the war is now a live political issue in his home state of Wisconsin. In other words, the issue is loyalty to the United States and the national administration, as Colonel Hall points out. Not since civil war times has this question been put up so squarely to a state of the Union.

THE SESSION OF CONGRESS

(Chicago Herald.)

What is the attitude of the Republican party at this coming session of congress? That question is already being discussed in various quarters. There are not lacking signs that a number of Republican congressmen want to make things fairly lively with their criticism of the administration and its method of carrying on the war.

As to the war itself, its justice, its necessity, there will of course be no question. That is already settled by the fact for loyal Republicans as well as Democrats. But though the principle is established the application naturally gives rise to certain differences of opinions. Some of these are already fairly in evidence, and the question is as to the extent to which

vals, for more than two centuries. It was a petticoat spread to a wide circumference by hoops of whalebone, cane, and steel.

Limitations.  
She can read a page of Latin. She can weigh the weight of Latin. She can mention all the funny jibes of Jerrold and of Hook. She can tell the tunes of Verdi on a crackling hard-guards. But alas, with all her learning, She has never learned to cook.

—Kalamazoo Gazette.  
She can dance the hesitation. Tange mightily with elation. She can bouny and grizzlybear. And do the waltz slide. She can dip and glide and wuggle. She can go-goo eye and siggle. But she cannot read a time-card right. To save her blessed soul.

—Springfield Union.  
She is posted in eugenics. And a shark at callisthenics. She is versed in nearly every sort of lo. The sacred and the droll: She can swig a dram of liquor. At pull-polling she's a sticker. She cannot read a time-card right. To save her blessed soul.

—Peoria Journal.  
She can play bridge like a master. So she never fears disaster; In college she could row a boat. Or play golf you bet. For art she has a passion. But she's far behind the fashion. For she tells us that she never Learned to smoke a cigar.

—Yonkers Statesman.  
She can operate a flivver. If you're trouble with your liver. She can diagnose the ailment; She can also set a bone. She can brew a cup of tea, sir. She can translate Julius Caesar. But my goodness, gracious me, sir, She just cannot throw a stone.

Here's Your Chance, Bob.  
For Sale or Trade—10 acres of deeded land in southern Oregon. What have you? Address H. L. Seargeant, Juniata.

—Hastings (Neb.) Tribune.  
Well, as for us we haven't much of anything but we are reliably informed that Bob Ryder has chil-lains.

A Risky Joke.  
Daughter:—Papa, I want to tell you some of the funny things Jack told me. He's such a joker. Dad:—I know it. Last night he asked me to be his father-in-law. —Boston Transcript.

they should manifest themselves in the national legislature. The problem is simple. Constructive criticism can hardly be objected to. It should always be welcomed and, no doubt, will be welcomed by the administration and every friend of national success. Its spirit and content should help the cause powerfully. But it must not be forgotten by members of the party either in power or technically in opposition that the essence of constructive, patriotic criticism is that it be purely patriotic and constructive.

The false note will be instantly detected. Any criticism based on politics that is made mainly with the idea of gaining a better strategic position for one party, that is grounded, in brief, on anything save the desire to help win this war as quickly as possible against a common enemy, will be fairly certain to react. Criticism must not be stifled, but co-operation must still be the order of the day.

Today patriotism is the only politics worth considering, construction the only criticism that is entitled to be heard in the halls of our national legislature.

A FINE EXAMPLE.

(New York World.)

The war against autocracy must be won, no matter what the cost. In life and limb the expenditure will be tragic. In financial outlays it will be staggering. Having accepted these as inevitable, neither pride of opinion nor any other selfish consideration can stand in the way. We are not in this conflict to uphold or to illustrate any incidental or collateral principle of politics, sociology or economy. We are in it to preserve the very fundamentals of liberty and democracy.

Full effect can be given to the power of the United States in this matter only as every element of our population appreciates and acts upon its responsibilities. There must be no drones of any kind. The idle, indifferent and wasteful of either sex and of all ages are as much slackers as the man able to bear arms who goes into cowardly hiding. To gain the victory in the shortest possible time it is necessary to bring every resource of the nation into the fullest use, and that means work, co-operation and sacrifice of some sort by everybody.

As the National Foreign Trade Council, in a report submitted yesterday to President Wilson, truly says: "The only big thing in the world today is to win this war. If we do not win it, it will not matter particularly what else happens to us." In that the railroads have set every other interest and industry a fine example. Their most urgent business henceforth is war.

Spirit of the Press

Priority Orders.

It will be evident to anybody who considers the matter with an open mind that the transportation problems can be best solved by traffic experts. Why should the railroads be told how much fuel must be moved in a given time, and then let the traffic managers find the means to meet the requirements? If these experts cannot solve the problem, it cannot be solved. Least of all can it be solved by the issue of priority orders, at the request first of this authority and then of that, regardless of their conflicts with one another or the availability of facilities and equipment. Congestion can best be prevented and transportation accelerated by the uninterrupted flow of traffic; and to assure nobody is more competent than the men who know what equipment is available and who have spent their lives in learning how to get the

greatest possible amount of work out of the same. —Philadelphia Record.

Foiling the U-Boats.  
The safe arrival of another contingent of our troops in France gives us further reason for congratulation on the excellent work of our transport service. Thousands of troops and tons of material moved and not a soldier and, apparently, not a ton of supplies, lost, constitute a wonderful record and show conclusively that U-Boats can be completely foiled if enough precaution be taken. The achievement recorded not only furnishes ample evidence that we can continue to move troops and supplies 3,000 miles across the seas without fear of appreciable loss, but also indicates a very bright future for the Anglo-American campaign, generally, against the submarine danger. —New York Evening Post.

Pointed Observations

Cheer up! There's no salt shortage, and it would be a good deal harder to get along on short rations of salt than on short rations of sugar. —Indianapolis News.

In the rush of things we seem to have overlooked the fact that another of the Kaiser's deep-laid schemes failed when both countries realized who was behind all the friction between Japan and the United States. —Milwaukee News.

If Kerensky had only been willing to give some of these pro-German Russians the Napoleonic prescription of a whiff of grapeshot! —Savannah News.

A government so innocent as the Maximalist government in Russia evidently has no business living in such a wicked and deceitful world as this. —Kansas City Star.

One thing not shown in the Department of Labor's statistics of the effects of war on various industries is the growth of the knitting industry. —Springfield Republican.

The German Government knew what it was doing when it gave Lenin free passage through Germany to Petrograd after the revolution. From the Berlin standpoint he has made good. —New York World.

The young lady across the way says we don't hear so much as we did about the boasted German deficiency. —Ohio State Journal.

There are some law-abiding enemy aliens, but Uncle Sam hasn't time to separate the sheep from the goats. —Savannah News.

The negro who has won the right to command and to lead in the army of Uncle Sam is an officer and a gentleman. To seek to sneer at him as an "off-sah" and a "cullud gentleman" is worse than bad manners. It is un-American and un-patriotic. —Louisville Herald.

The drive of the British "tank" this week promises to go down in history as the greatest joy ride the world ever has known. —Oshkosh Northwestern.

Only folk in Oregon, Washington, Wyoming, Idaho, Colorado and Kansas will get a good view of the total eclipse of the sun, next June. But cheer up! Maybe the rest of us will be getting a good view of the total eclipse of the Kaiser. —Washington Herald.

The Russian, drunk with the new wine of liberty, is committing the excesses common to the inebriate, but the cold, gray dawn of the morning after is sure to come. —Milwaukee News.

THREE EFFICIENT MEDICINES

Hood's Sarsaparilla, superlative blood purifier and appetizer, originated in a Boston physician's successful prescription. Pepton, superlative iron tonic, for anemia, nervousness, made from iron, pepsin, nux, celery, etc. Hood's Pills, superlative family cathartic, for liver, constipation. The superlative combination that gives superlative health. Practically everybody needs at least one of these medicines. But, —If your blood is scrofulous. If you are also anemic or nervous. If you are constipated besides thousands have all these ailments. You need all three medicines. Ask your druggist for them today. —Advertisement.

## LAD INVESTS HIS SAVINGS IN THE THRIFT STAMPS

Bernard O'Neill, 12, showed a real disposition to help his country, even if he is several years under age for "active service." Five years ago he was given a \$2.50 gold piece, as a Christmas gift. All this time he has saved the coin until yesterday he went to the postoffice where he purchased thrift stamps.

If other lads and lassies would like to help Uncle Sam in his big fight to win the war, they too can turn their savings to good account in the purchase of war savings and thrift stamps.

After purchasing 16 thrift stamps, a war savings stamp may be taken in exchange. The war savings stamps bear interest, and are being purchased extensively.

## SOCIAL EVENTS

SOCIETY EDITOR, AUTO 'PHONE 25133.

The City Federation of Women's clubs will entertain this evening with the annual Fellowship dinner at the First Presbyterian church. The dinner will be served at 6:30 o'clock.

**Fulton-Hanna Wedding.**  
Newark friends today received invitations to the wedding of Lieut. William Duane Fulton, Jr., son of Secretary of State and Mrs. W. D. Fulton, and Miss Rachel Boyman Hanna, daughter of Mr. and Mrs. James Burns Hanna of Columbus. The wedding will take place on Thursday, December 27th at 8 o'clock in the evening at the Broad Street Methodist Episcopal church at Columbus. Lieut. Fulton is now stationed at Camp Sheridan, Ala.

**Null-Harris.**  
Miss Ada L. Harris became the bride of Mr. John E. Null, Wednesday afternoon at 3 o'clock, Dr. L. C. Sparks officiating at his home in North Fifth street. The wedding was witnessed by Mrs. Metta Taylor, a sister of the bride. Mr. Null has been a resident of Wheeling, W. Va. while his bride has lived in this city. After the ceremony they returned to the bride's residence, 475 West Main street, where they will be at home to their friends.

The members of the Trinity Sewing club will be entertained on Friday afternoon at 2 o'clock, and the home of Mrs. H. B. Anderson, 52 Eighth street.

The Woman's Home and Foreign Missionary society members will be entertained on Friday afternoon at the home of Mrs. William Prout in North Fifth street at 2:30 o'clock.

**Muntis-Turley.**  
At the home of the brides' parents, Mr. and Mrs. Frank Turley in "Dunmore Park," Covington, Ky., the marriage of Miss Grace Turley and Corporal W. C. Muntis of Toledo, O., now stationed at Chickamauga Park, Ga., was solemnized Monday afternoon, December 3 at 4 o'clock. Rev. C. C. Drumes officiated. Mrs. Frank Turley, the bride's mother, is the eldest daughter of the late J. W. and Louisa Adams.

The Sewing Circle of the Royal Neighbors will meet Friday afternoon at the home of Mrs. Edwin Conn, 245 Eddy street. The hour will be devoted to sewing for the Red Cross.

The Ladies' Oriental Shriners from Newark will join delegations from Pittsburg, Wheeling and East Liverpool to attend the ladies' ceremonial which will be held in Columbus, Friday afternoon and evening. A banquet will be tendered at the Hartman Hotel, Friday evening at 5:30 o'clock.

The St. Ann's Sewing club will be entertained with Mrs. John McCarthy in Bowers avenue at 2 o'clock Friday afternoon.

## ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Newark people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. J. W. Thompson, 87 S. Second St., Newark, says: "I was so bad with kidney trouble that I had to get up out of bed and walk the floor, my back pained me so badly. In this way I lost my sleep and the next morning I felt worn out. I had dizzy spells, my bladder was affected and rheumatic twinges darted through my feet and hands. I suffered terribly. The joints of my fingers were stiff and twisted out of shape. My kidneys were in a weak and disordered condition, too and caused me a lot of distress. I felt tired and aching all over until I got Doan's Kidney Pills from R. W. Smith's Drug Store. This medicine fixed me up in good shape and of late I have been free from kidney trouble."

## WITH AMERICAN ARMY IN FRANCE

(Associated Press Telegram)  
With the American Army in France, Wednesday, Dec. 5.—How American railway engineers gallantly fought and died with their British comrades in arms on the British front before Cambrai last week was told today in a semi-official statement.

"Two and one-half companies of railway engineers," the statement says, "with a strength of eight officers and 345 men were encamped at Fins on November 30, having completed their work in the neighborhood at 6:30, four officers and 280 men went to Gouzeaucourt arriving at 7 o'clock and starting to work with Canadian engineers. The entire contingent was under a Canadian major and an American captain. The area was three miles in the rear of the line and none of the troops were armed."

"At 7:15 German barrage fire moved on Gouzeaucourt after heavy shelling to the east. At 7:30 a general retirement was ordered and it was effected with some difficulty due to the artillery, machine gun and airplane fire. A number of losses sustained at this time, and also among the men who, cut off by the German advance, had taken refuge in dugouts. Some of these men who had been cut off succeeded in joining British combatant units and fought with them during the day. Meantime there was active shelling against Fins and the men there were ordered to scatter in the fields."

"As the men returned to Camp they were assembled under arms and instructions were asked from their headquarters. At 3 o'clock they were instructed to dig and hold the trenches and the men moved up and finished work shortly afterward."

"At six o'clock the trenches were shelled sufficiently for the entire command and division headquarters directed a withdrawal to camp and that the men be held in readiness to man the trenches. Two small details were sent out to repair a distant break in the new track and to assist in transferring ammunition to another point."

"The list of casualties is relatively small and will be issued tomorrow."

## THIEVES STEAL 1500 BARRELS OF FLOUR

(Associated Press Telegram)  
Toledo, Dec. 6.—Fifteen hundred barrels of government flour, worth about \$16,500, were stolen here last night from Wheeling and Lake Erie freight cars, when seven cars were loaded in Ironville, a suburb.

The flour was consigned by the government to the National Milling company of Toledo. No arrests have been made.

## WILL SOON OCCUPY FORMER QUARTERS OF STEAM LAUNDRY

Work is being rushed on the remodeling of the building formerly occupied by the Newark Steam Laundry which has been taken over by J. F. Callender for his dry cleaning establishment.

Mr. Callender states the dry cleaning company will be in its new quarters by January 1. The Laundry machinery has been disposed of to Zanesville and Newark purchasers. The dry cleaning company will use the long room on the Church street side with a number of windows. Several new windows are being placed in the room to afford the best light and it will be painted white on the interior. A new steam presser has been installed.

## ABOUT PEOPLE

Mrs. L. J. Turner who has been visiting her daughter in Fleek avenue has returned to her home in South Dakota.

Mrs. Henry Swartz, Grant street, has returned home after visiting Mr. and Mrs. Forest Swartz of Marietta. She was accompanied home by her grandson, Henry Swartz.

Mrs. George W. Williams and two sons, Gerald and George, Jr. have returned from Johnston where they were called by the death of the former's aunt, Mrs. Margaret O'Connor. Mrs. J. C. Higgins, 28 Wyoming street, returned home Thursday morning, after spending Thanksgiving with her brother, John T. Donovan, Paducah, Ky.

## MRS. GIBSON ATHERTON DIES IN WASHINGTON

A telegram was received today telling of the death of Mrs. Margaret Kummer Atherton, widow of the late Hon. Gibson Atherton, of this city. Death took place at the home of Mrs. Atherton's daughter, Mrs. Margaret Atherton Marr, in Washington, D. C., Wednesday afternoon at 4 o'clock, resulting from ailments incident to age, she being 82 years old.

Hon. Gibson Atherton, was formerly a lawyer practicing in Newark and was a congressman from this district.

The body will be brought to Newark, Friday, where simple services will be held at Cedar Hill cemetery at 2 o'clock. Interment will be made in Cedar Hill cemetery.

## KERNS CASE IS ASSIGNED FOR HEARING DEC. 17

Attorneys for the defendant in the case of the State of Ohio vs. A. O. Kern, indicted for burning a piano with intent to obtain the insurance, appeared before Judge T. B. Fulton in common pleas court at 1 o'clock this afternoon, asking for a continuance of the case. The trial had been set for December 17.

The attorneys stated that owing to their volunteering their aid to registrants in filling out questionnaires, and that the questionnaires would be mailed at that time, that they would give better attention to that if the case was postponed. It has been postponed on several occasions, and Judge Fulton refused to grant a further continuance of time and assigned the case for trial beginning December 17.

**MRS. WOODWARD IMPROVING.**  
Mrs. Fred Woodward, who has been critically ill at the home of her parents, Mr. and Mrs. J. E. Murdoch, Somerset, O., is much improved.

Mt. Vernon.—Seldon H. Bair, son of Harry Bair, member of U. S. cavalry, died of typhoid fever in Honolulu.

## OHIO BRIEFS

Dayton.—The new directory indicates a population of 200,000.

Toledo.—Pioneer manufacturer Jno. B. Shapler is dead.

Coshocton.—Mrs. Frank Taylor of the Adamsville vicinity was buried yesterday.

Mt. Vernon.—Miss Anna Reid McKay is dead after a long illness.

New Comerstown.—After remaining in hiding in a coal mine at Osego for two months, J. C. Peoples is now under arrest. On October 6 he was called for service by the draft board.

Lancaster.—Harry Weaver, ex-service director, was elected president of the Lincoln Republican club of Fairfield county.

## MANSLAUGHTER VERDICT.

(Associated Press Telegram)  
Youngstown, Dec. 6.—Edward Enoch, charged with slaying Earl Mitchell alleged to have been Mrs. Enoch's sweetheart in an ice cream parlor here last December was today found guilty of manslaughter after an all night deliberation by the jury hearing the case.

## WOULD TAKE FINGER PRINTS OF SERVANTS

(Associated Press Telegram)  
New York, Dec. 6.—Because of the increased prevalence of burglaries in homes in New York City the Burglary Insurance Underwriters' Association is considering the advisability of taking the fingerprints of all servants. It was learned today. Under the tentative plan suggested, the finger-prints would be done at employment offices and a copy would go to each employer with the servant. Possession of complete records of transient servants, it is believed, would tend greatly to discourage the operations of thieves working as servants.

An increase of 10 per cent in burglary insurance rates on private property and from 15 to 20 per cent on mercantile goods effective throughout the country, were decided upon by the association at its annual meeting here yesterday. Indifference of the public to the rapidly increasing number of burglaries and increased expenses were given as reasons for the advance.

## MEANS TESTIFIES IN OWN DEFENSE IN MURDER TRIAL

(Associated Press Telegram)  
Concord, N. C., Dec. 6.—Testifying in his own defense today at his trial for the murder of Mrs. Maude A. King, Gaston B. Means told the story of his activities as a "German agent" and declared that it was he who had discovered and reported to the government the German plot to restore Huerta to dictatorship in Mexico, bring on war between Mexico and the United States and at the same time start a peace propaganda.

This information, Means testified he gathered while working for a private detective agency's German clients, but under the express stipulation that he would report any information of value to the United States government.

Means told his story at the beginning of his testimony which will cover his connections leading up to the time he became a man of business for Mrs. King.

**NEEDMORE.**  
Mr. and Mrs. Stanton Wilson and daughter Mary visited the latter's parents here Thursday.

Mr. and Mrs. Rolfe Clark and daughter Zona spent Sunday with their parents here.

Mr. and Mrs. Roy Clark spent Thursday at the home of G. B. Martin of Frazesburg.

J. W. Martin and son, Lee, Lester Clark and Amos Martin were in Newark Saturday.

Harry Gault called on Lee Martin Sunday evening.

J. W. and Amos Martin, Mrs. Roy Clark, Miss Zella Martin and Miss Edith Clark made a trip to New Castle, Sunday.

Miss Myrtle Clark spent Sunday with Miss Delpha Johnson.

Oren Clark spent from Friday till Monday at the home of G. W. Morans of Mt. Pleasant.

**RED OAK HILL.**  
Mr. and Mrs. W. A. Wilson were Newark visitors Tuesday.

Mrs. Stanton Wilson and daughter Mary called on Mrs. Anna Bank Tuesday afternoon.

Mr. and Mrs. Frank Burrell were callers at the home of Harry Marmer Tuesday.

Mrs. Ena Davis returned home Tuesday after a few days visit in Newark.

Mr. and Mrs. Allen Wilson spent Thanksgiving with the former's sister, Mr. and Mrs. John Striker of Esto.

Mr. and Mrs. Stanton Wilson and daughter Mary spent Thursday afternoon with Mr. J. W. Martin and family.

Mrs. George Wilson was in this vicinity Friday.

Arthur Ridenbaugh and sister, Miss Inez, called at the home of Frank Burrell Wednesday and attended the box social at Rock Fork school house.

The following from here were Newark callers Saturday: Mr. and Mrs. A. A. Banks, Mr. and Mrs. A. F. Burrell, Mr. and Mrs. Stanton Wilson and daughter Mary, Messrs. Corry Coon and Harvey Glancey.

James and Finley Keaser were Newark callers Friday.

Protracted meeting is in progress at Burrell's Chapel. Everybody come. Mr. and Mrs. Frank Burrell and Mrs. Alonzo Banks spent Sunday with Mr. and Mrs. Ben Gaarfront and Mrs. Julia Burrell of Newark.

Mrs. Lizzie Wilson called on Mrs. Ethel Burrell, Monday.

## MUSIC

Sunday, December 9, has been set by the National Council of Women as the date for the first national community song-day. They ask that at 4 o'clock on that Sunday afternoon in every community in the United States groups of people assemble singing the same songs. The service will be held in Newark in the high school auditorium. Singing to be led by the Choral Society and the high school orchestra with C. W. Kloppe, director. All singers are urged to join in this service and the community is invited to attend. A complete program will be published in Saturday's paper.

Elsie Lyon Hirschberg will give a joint concert with Leginska, pianist, Tuesday evening, December 11, in Weller theater, Zanesville.

The date of the New York Philharmonic Orchestra's appearance in Newark is December 19.

## OBITUARY

**Mrs. H. B. Dick.**  
The death of Mrs. Emilie Dick a former well known resident of Newark, occurred at her home in Cincinnati at 10:20 o'clock Monday evening following a brief illness while visiting at Baltimore, but her condition did not become critical until a few hours before her death.

Mrs. Dick, who was 57 years old, was the wife of H. B. Dick, former division engineer of the O. & L. K. railroad, now on the engineering staff of the Baltimore & Ohio railroad. The family left Newark only a few years ago. While here they lived in North Fourth street, near Locust. Besides her husband, Mrs. Dick is survived by two daughters, Mrs. Grace Lawyer of Mt. Sterling, Cincinnati; also three brothers and two sisters.

The body was taken to Zanesville where short funeral services took place this afternoon at Greenwood chapel.

**Fred McMillen.**  
An illness from apoplexy resulted in the death of Fred McMillen, aged

**Resinol easily heals skin troubles**

The moment that Resinol Ointment touches itching skin the itching usually stops and healing begins. That is why doctors prescribe it so successfully even in severe cases of eczema, ringworm, rashes, and many other tormenting, disfiguring skin diseases. Aided by warm baths with Resinol Soap, Resinol Ointment makes a sick skin or scalp healthy, quickly, easily and at little cost. Resinol Ointment and Soap at all druggists.

42, well known resident of Nashport, at his home Wednesday. Mr. McMillen was stricken ten days ago. The funeral services will be conducted at 1 o'clock Friday afternoon at the Nashport M. E. church. Burial in the Irvile cemetery.

**Mrs. Margaret O'Connor.**  
The funeral of Mrs. Margaret O'Connor of Johnston, N. J., was held yesterday from the Joseph church, Rev. Father O'Brien officiating. Mrs. O'Connor passed away Sunday at the advanced age of 85 years. She is survived by a grandson, Bernard O'Connor, of Camp Sheridan, Ala., and two nieces: Mrs. Geo. W. Williams, 91 East Church street, this city, and Mrs. Ben Nichols, Columbus, O.

**IN MEMORY OF MOTHER.**  
In memory of our dear mother, Mary J. Wilkerson, who died December 6, 1916.  
Could we write the love of Mother  
On each petal of the rose,  
Could we tell you of her goodness  
On each flower of the earth that grows,  
We could then not do her justice.  
We did not know her love  
But we are sure she's not an angel  
Guarding us from skies above.

How we miss that angel Mother,  
She was good to you and me,  
And our thoughts of her will linger  
Though her face we cannot see  
But some day we'll meet up yonder  
In that Heavenly home above.  
Then we'll be so happy with her,  
The dear Mother that we love.  
Her daughter, Dora E. Lees 12-6-17

## THE COURTS

**Marriage Licenses.**  
Ansi Billman, 41, Eden township, farmer; Pearl Varner, 39, Fallsburg, Rev. Mr. Garbert.  
John D. Hand, 26, farmer, McKean township; Carrie Case, 29, St. Albans township, school teacher. Rev. K. V. Alexander of Zanesville, named to officiate.  
Joseph P. Schmitt, Jr., 32, window glassworker, Masontown, Pa.; Hazel Dunlap, 20, Utica.

**Suit for Divorce.**  
A suit for divorce was filed in probate court today by William E. Lynn vs. Claire Lynn. The plaintiff charges neglect of duty.

**Marriage Licenses.**  
Phineas Headlee, 60, Newark; Florence M. Quinn, 40, D. M. Jones to officiate.  
John Paul Null, 44, merchant's agent, Wheeling, W. Va. and Ada Leons, Harris, 40, Newark, Rev. L. C. Sparks.

**Damage Suit on Trial.**  
In common pleas court on Thursday the court and a jury took up the trial of the case of Herman Smoke vs. Simeon I. Tatham. Plaintiff brings the suit to recover damages for an assault and battery committed upon him by the defendant in the fall of 1915, on a farm near Outville. Plaintiff says that the defendant struck him on the side of the face with a large stone, lacerating the side of his face and injuring his left eye. He asks for damages in the sum of \$5000. The altercation grew out of the cutting of a field of corn.

**ARRESTED AT CENTERBURG.**  
Centerburg, Dec. 6.—Police officers from Bucyrus came here and returned with Wm. A. Davis, negro, wanted in Bucyrus on a charge of murdering his wife Monday by shooting her. The negro was found hiding in a boxcar on the T. & O. C. siding here.

The City Union of King's Daughters will meet Friday evening at 7:30 o'clock at the Y. M. C. A.

## Perhaps you're mistaken about those headaches

Perhaps after all there is a remedy that won't do you, won't affect your heart, won't upset your stomach and that will prove a godsend when one of those dreadful headaches comes. Perhaps that remedy is Turpo.

## TURPO

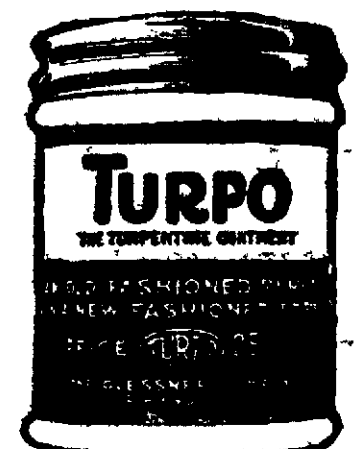

is a pure, smooth, golden salve with nothing in it to harm you. Rub Turpo on the forehead and temples. What a soothing feeling as it works its way through the skin. And then—oh, what a relief as it drives away the fever and pain, leaving a wonderful, cooling sensation. Turpo always gives relief. Often it drives the headache entirely away.

Perhaps you remember in your youth how Turpentine relieved your headache, cold, pain, wrench, cut or wound—how it was an almost universal remedy for every ill in the family. Well, Turpo is Turpentine with all smell and burn taken out and with the benefits of Camphor and Menthol added. It's a good, safe remedy to use—a remedy you'll be glad to have when something happens.

Turpo is fine for cuts, burns, chapped skin, headache, carache, lameness, colds, catarrh, hay fever—for all sorts of pains, sprains and aches.

At your druggist's 25c, 50c and \$1 a jar. Write for free sample.

## Notice to Sick Women

The Experience of These Women Prove That There is a Remedy for Your Illness.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. Percy Prestings, Aberdeen, Idaho.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no pain, backache or dizzy spells. Every one tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss Nina Southwick, R. F. D. No. 4, Box 33, Kingfisher, Okla.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has restored more sick women to health than any other remedy.

## FORMER HEALTH COMMISSIONER SAYS NUXATED IRON

Should Be Used In Every Hospital and Prescribed By Every Physician—  
Attributes His Own Great Physical Activity Today at Over 60 Years  
of Age Largely to His Personal Use of Nuxated Iron

WHAT FORMER HEALTH  
COMMISSIONER KERR SAYS

"As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effects, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three-score years and want to say that I believe that my own great physical activity is due largely today to my personal use of Nuxated Iron, and if my endorsement shall induce amemic, nervous, run-down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it. From my own experience with Nuxated Iron, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

*Wm. R. Kerr*

Former Health Commissioner, City of Chicago

Former Health Commissioner Kerr has given years of his life fighting for public health in his own and other cities. It was he who introduced Anti-toxin for Diphtheria in Chicago's Health Department. He purified the milk for the consumers and thereby helped to save the lives of thousands of babies. He introduced the anti-spitting ordinance which has been copied all over the country and also took care of the sewers and garbage in the interest of public health. He is positive that the widespread use of Nuxated Iron would greatly lessen the worries and troubles of Health Commissioners in keeping up a high standard of public health.

NOTE—Nuxated Iron, which has been used by Former Health Commissioner Kerr with such surprising results, and which is prescribed and recommended by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists everywhere. Unlike the older iron preparations, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by all good druggists.

Appetizing  
Nutritious  
Pot Roast

Cheaper Cuts of  
Meat, made without  
water or grease in the

"Wear-Ever"  
WINDSOR KETTLE

Heat the empty kettle over a low flame; sear the roast on all sides; then turn down the fire to a mere flicker. Turn the meat when half done. Thus a "Wear-Ever" kettle reduces both your fuel and meat bills.

Because of their wonderful durability "Wear-Ever" utensils save you money and the annoyance of continually buying new cooking utensils. Compare the price of a "Wear-Ever" kettle with that of the best enamel kettle of the same size. You will be surprised that "Wear-Ever" utensils can be bought so cheap.

Replace utensils that wear out  
with utensils that "Wear-Ever"

"Wear-Ever" utensils are made in one piece—without joint or seam—from thick, hard sheet aluminum. They have no coating to chip or peel; no place for food to lodge—cannot rust—are pure and safe.

ELLIOTT HARDWARE COMPANY  
16 WEST MAIN ST.

SMALL PERCENTAGE  
OF ENLISTED MEN  
ARE DISCHARGED

(ASSOCIATED PRESS TELEGRAM)  
Camp Sherman, Chillicothe, O., Dec. 6.—Slightly more than three and five-tenths per cent. of the 36,333 men sent to Camp Sherman under provision of the selective draft have been discharged and returned to their homes because of physical defects. Approximately eight tenths of one per cent. have also been returned to their homes because of dependents and value in industrial lines. Many have also been transferred to other units in various cantonments and at present there are in camp approximately 30,350 men, not nearly the full number for which the cantonment was erected.

However, the full quota or something near it will probably be reached during next week when the last 20 per cent. quota, made up of about 8,200 selects called and examined but not yet sent to camp, will arrive. This will bring the number here to something like forty thousand—counting the 1460 officers here and those yet to come from the recent training camps. The exact arrival of the last increment of draftees has not been announced but it is probable that they will begin to arrive about the middle of next week.

Statistics which have been collected by Captain W. C. Lawrence, division personnel officer, show that in all 36,333 men have arrived at camp to date. Of course, 1300 were discharged because of physical disability; 250 were exempted by draft boards on appeal because of dependents and industrial value discovered after the men were inducted into the national army; 4,004 were sent to Camp Pike, Arkansas, to fill the division there; 1221 were transferred to Camp Sheridan, Montgomery, Ala., to complete the Ohio guard division; 216 went to Camp Grant, Illinois, and 837 were distributed to other points and other units.

The discrepancy between these figures and the total number of men in camp as also announced by Captain Lawrence is accounted for by the fact that several units such as the signal battalions and companies at the auxiliary remount stations have been recruited by enlistment and a number of men have volunteered for service in the national army itself.

Companies of the 330th infantry have received the small field stoves on which they will do their cooking when in the trenches, and today the members of company M, were trying them out preparing meals out of doors. The stoves, which are small and portable, use wood as fuel.

Six food bridges across the Scioto river which will accommodate soldiers on foot and horseback going to the rifle range east of camp have been finished by the 308th engineers and are now ready for use.

The new theatre building erected by the training camp's activities commission and which will seat nearly six thousand persons is now completed and daily moving picture shows are being shown for the benefit of the selects.

TWO OLD PROGRAMS  
ARE INTERESTING

Two interesting programs—the property of Mrs. L. B. Fant, North Fourth street—will recall a few pleasant associations of former days.

One of a temperance entertainment, which was given at the opera house, Monday evening, April 9, 1883. The "opera house" has since taken on a more prosaic and enumerative quality in the new Arcade Hotel. The other program is of an anniversary entertainment for the Independent Order of Odd Fellows, and was given in the Music Hall, Thursday, April 26, 1883. The building was then known as the Wallace Music Hall, and was a structure in the rear of The Advocate office.

The program for the temperance entertainment gives: A piano duet by Misses O'Bannon and Phipps, recitation, "The Two Glasses," by Grace D. Fowler; duet, "Minute-Gun at Sea," W. D. Dunne and O. A. Pier; solo, "Queen of the Night," Mrs. Robert Laird; reading, "Easter Morn.," Mrs. B. C. Smythe; duet, "The Cup of Woe," Mrs. L. B. Fant and Dr. N. W. Tracy; tableau, "Capt. Maid"; piano solo, Miss F. Baldwin; recitation, Miss Jennie Halliday; quartet, "Rock of Ages," Mrs. Fant, Mrs. Pitkin, Mr. Johnson, Mr. Fowler; solo and chorus, "The Drunkard's Child," Willie Downey and chorus; vocal duet, Misses Bourner and McLain; tableau, "Gates Ajar."

The anniversary program was for the sixty-fourth introduction of the I. O. F. The program opened with prayer and music by the A. P. quartet. An address was given by Rev. R. R. Sutherland, and music was furnished by Misses Fannie and Cora Coffman. The second part of the program was: Music, Mrs. L. B. Fant; Broom Brigade, under command of Capt. C. A. Montgomery; music, T. O. Johnson and W. D. Dunne; music, S. P. quartet. Rev. R. R. Sutherland was pastor of the Second Presbyterian church from 1889 to August, 1887, and the S. P. quartet was the choir of that church. Rev. Mr. Sutherland died in 1915, while several of those in the tableau and broom brigade preceded him in death.

NEW PETROGRAD LAW.  
London, Dec. 6.—The draft of a law has been published in Petrograd respecting births, deaths and marriages, according to a dispatch from the Russian capital to the Daily Mail. The law abolishes marriages recognizing only civil ceremonies. Illegitimate children are given the same rights as legitimate, divorce is made easy and burials in consecrated grounds without a religious ceremony is allowed.

Brink Haven—A two story business block, a residence and garage owned by C. E. Slate, burned yesterday. Loss, \$10,000. German propaganda is hinted.

## Useful Gifts This Christmas

GIGANTIC SALE OF QUALITY FIRST

### CATARH DISTORTS FACIAL EXPRESSION

Spreads the Nose, Blurs the Eyes, Puffs the Face, Drives the Lips, How to Get Rid of Catarrh.

TRY THIS HOME TREATMENT FIRST.

Catarrh not only makes one feel miserable, it shows this effect in the features, and it usually grows worse. But thanks to a remarkable home treatment, there is recovery in store for every sufferer by the remarkable Gauss self home treatment, which you can try free in your own home.

It is Perfectly Wonderful the Way Gauss Treatment Drives Away Catarrh.

A red nose that dribbles with mucus is an unsightly misery. A breath tainted with the odor of catarrh is an offense against all health and decency. A stomach filled with droppings from diseased nasal cavities may cause untold misery, and ruins the complexion. The bowels clogged with strings of rosy mucus indicates a body literally reeking with catarrh, causing pimples, blotches and other skin eruptions. The blood, swarming with millions of catarrh germs, entails upon the kidneys a labor that may break them down; the lungs and bronchial tubes, scourged with the destructive influence of systematic catarrh, can lead to anemia and the most serious consequences. So why continue with all this misery? Send your name and address today for a free trial of Mr. Gauss' famous treatment. Mail it to C. E. GAUSS, 2583 Main St., Marshall, Mich. It will not cost you a penny, to try it, and it surely will astonish you with its wonderful effect. Fill out coupon and mail it to day.

FREE

### TENDENCY OF ALL BUSINESS TOWARD SERVING COUNTRY

The government activities, thrift campaigns, the Red Cross and Y. M. C. A. campaigns throughout this district have all further impelled business in this district to make the necessary readjustments to war basis. There is a decided tendency toward all business serving the country and toward the policy of "necessities only."

Business is not entirely satisfactory. There is a spotty inclination in some localities, and transportation and labor difficulties have some detrimental effect in some lines, but throughout there is no material change for the worse.

**Agriculture.**  
Harvest yields in corn and food-stuffs were not up to estimates, but were good, except that a large part of corn was not thoroughly matured and necessitated feeding of stock or conversion into some form of manufactured products. Seasonable weather during the greater part of the month has aided fall planting materially.

In Northern Ohio the increased acreage of wheat planted is estimated at from twenty-five to fifty per cent over last year.

In the burley tobacco regions the lessened crop in pounds is more than offset by higher prices, and the tendency is to dispose of the crop promptly. Indications are that tobacco manufacturers are making financial preparations for the handling of the crop, and the prospects are that the growers will have an unusually large money return on this year's crop.

**Manufacturing.**  
Evidence of shortage of iron ore begin to become general, and nearly all the steel mills are declining business other than for government requirements. Inadequate fuel supply has curtailed operations in some of the furnaces, though on the whole the steel industry is engaged in government contracts as fully as possible.

The pottery and glass business is very active, and the general conditions are reported as healthful. The manufacture and sale of face brick have shown a marked decrease. The reports do not indicate any material changes in other manufacturing lines from last month, except such as are required by labor and fuel conditions.

**Mercantile Lines.**  
The volume of the jobbing trade seems to be normal, with increased values. Some of the centers report increase in quantity of goods sold and a large increase in money value sold to country stores. Retail trade shows a slight recession, but it is about up to the average for the season.

**Collections.**  
Collections are better than previously, and the percentage of slow paper is perhaps lower than average, though some industries report arrearages incident to delayed deliveries.

**Transportation.**  
The general situation is not greatly improved, and in some parts of the district is worse than heretofore. The railroads are evidently bending all energy to relieve congestion, but seem unable to handle the situation satisfactorily.

**Labor.**  
The dearth of skilled mechanics continues, and common laborers are very scarce. Women are being employed freely by manufacturers, transportation companies, and other employers of labor where it is possible to use them in place of men. There have been numerous wage advances in industries, and all labor is fully employed. The uneasiness of a month ago is not so pronounced.

**Money and Investments.**  
The banks, despite the Liberty Loan payment, are able to meet legitimate demands, and money, though firm, is not denied to general trade. Rates throughout this district are steady at about six per cent. The investment markets are experiencing an unprecedented quiet tone, with no demand for any class of securities, even at greatly reduced prices. Most investors seem fully imbued with the idea of loaning to the government.

Clearing figures in the nine principal cities show increases over the corresponding period of last year. The seriousness of our country's participation in the war is being felt generally by business in this district, and the outlook is for the tacit acceptance of the situation as it develops from time to time and determination to make the best possible of it.

### HAS ACCEPTED A POSITION WITH THE W. W. RUGG SYSTEM

James Savage, one of the best known publicity agents in the country, has accepted a position as superintendent of the W. W. Rugg system in this city. Mr. Savage has been connected with amusement enterprises for forty years, has been around the world three times and crossed the continent dozens of times. He was an intimate friend of the late P. T. Barnum, Messrs. Hutchinson, Bailey, Forepaugh, in fact all the great showmen of the country, and knows every newspaper man of note between the Atlantic and Pacific coast and Keywest and Montreal. He was in the government service during the Spanish-American war and was injured on the firing line at Santiago, being shot through the calf of his right leg. He has a fund of interesting anecdotes that would fill a book, and is a pleasant, agreeable and fluent conversationalist.

Postoria - Samuel Dale, 83, war veteran, is dead.

## AMUSEMENTS

### ALHAMBRA

**Tonight**  
"The Maid of Belgium" is the attraction of the new World-Picture. Brady-Made in which Alice Brady will appear as the star at the Alhambra theater tonight. The picture tells the story of a Belgian refugee brought to America by wealthy Americans who find her half crazed by the destruction of her home and the loss of her friends and relatives. Adoree is her name and she is brought to America by the Americans. There her childish ways and her sweet winsomeness arouses a desire in the heart of the man for a child of his own. His wife promises that the deepest desire of his heart will be fulfilled when he returns from a necessary trip of several months duration to Cuba. While he is gone a child is born to Adoree and Adoree is induced to part with it as the American woman promises that she will care for the infant tenderly. When the man returns from Cuba Adoree's child is presented to him, as his own.

### GRAND

**Screen Novelty.**  
On next Saturday there will be exhibited at the Grand theater the Physical Culture Screen Magazine, edited once a month by Bernarr Macfadden, the world's foremost physical culturist. A reel of most inspiring and instructive pictures pertaining to physical culture subjects of vital interest to man and woman. Beautifully illuminated with splendid photography and a wide range of subjects from rolls of muscle to artistic dancing of the Grecian creation are these pictures which will fascinate both young and old.

### AUDITORIUM

**Evelyn Nesbit Thaw.**  
The Cleveland Plain Dealer of Sunday had the following regarding Evelyn Nesbit, who is playing there this week:  
"Over at the Hippodrome this week, Evelyn Nesbit comes in dancing review as the bright spot of a particular smart bill."

"A Roseland Fantasy" is the title of Evelyn's act. It is a little bit of singing and dancing, with a touch of acting-added for good measure, according to advance reports. Bobbie O'Neil, who is known as a dancer of considerable ability, has succeeded Jack Clifford as Miss Nesbit's main support.

It is said by those who know that Evelyn Nesbit is the biggest single drawing card in vaudeville today. She holds a similar record in Cleveland as a star of films. Her "Redemption" has proved one of the biggest money makers ever screened. So, it would seem, Evelyn should hold forth the week with considerable gusto.

"Redemption" comes to the Auditorium tomorrow for a two day showing at the Auditorium. The picture will be screened from 1:30 p. m. tomorrow until 5 p. m. starting in the evening, at 6:30. On Saturday the picture will be continuous from 1 p. m. on until closing. The Red Cross benefit scheduled for tomorrow afternoon is called off, therefore "Redemption" starts at 1:30 p. m.

"This is the Life."  
R. A. Walsh, who directed the Wm. Fox comedy drama "This is the Life" and George Walsh, who starred in the picture, are brothers. They have many pictures for the Wm. Fox Co. and the combination has always given screen fans the best in photoplays. "This is the Life" gives a picture of a life, action and romance. In the cast with Walsh are seen James A. Marcus, Wanda Peritt, Ralph Lewis, and others. Jack McDonald, W. H. Ryno, Victor Sarno and others. In addition to this a two reel comedy will be screened.

"Intolerance."  
David Wark Griffith, the man who made "Intolerance" is the son of Jacob Ward Griffith who was a brevet brigadier general in the confederate army and one of the closest friends of "Little Joe" Wheeler. His grandmother was a Shirley Carter of Virginia and his mother an Oglesby of Georgia.

Like most sons of the confederacy young Griffith was very poor. When he started out to make his fortune he began as an actor. Then he wrote several plays. Finally about eight years ago James K. Hackett accepted on "A Fool and a Girl." It opened in Washington and closed the next week in Baltimore.  
About that time motion picture plays began attracting serious attention and he turned his hand to writing scenarios. Then he went with the Biograph Co. at first in a very minor capacity but he soon was a full-fledged director. In a few years he was drawing a salary of \$30,000 a year. Among the notable pictures that he directed were "Bronco Billy," "Papa Passes," "The Merchant of Venice," "The Blot on the Scutcheon," "Enoch Arden," "Lines of White on a Sullen Sea," "Oil and Water," and many other masterpieces.  
Then the Mutual Film Corporation offered him \$100,000 a year and he went to them. Then he began making long feature pictures such as "The Battle of the Sexes," "The Avenging Conscience" and many others. Then came "The Birth of a Nation." Before that he left the Mutual. Now he owns and controls his own companies. "Intolerance" is his only production since "The Birth of a Nation," and will be shown here for the first time December 13 when it opens a three day engagement at the Auditorium. Mail orders are now being received.

"Redemption."  
"Redemption," a photoplay with Evelyn Nesbit and her son Russell Thaw, will commence a two day engagement at the Auditorium tomorrow, Friday. Evelyn Nesbit is not only an exceptional screen type but a clever dramatic actress. It is extremely doubtful if any actress of her limited dramatic and screen experience could have given a more finished performance of the trying character, was the verdict, it is said, of the vast audiences which thronged the George M. Cohan theater, New York, for weeks. The story told in the film is based on the life of Evelyn Nesbit, but it is worked in so cleverly and so beautifully that one would hardly realize it is the real experience of this young woman of a thousand sorrows.  
The Red Cross matinee tomorrow has been called off and the showings of "Redemption" will start at 1:30 running until 5 p. m.

**Auditorium Notes.**  
Mgr. Fenberg announces a good mail order sale for the three day engagement of "Intolerance." D. W. Griffith's second big picture, spectacle, which comes to the Auditorium tomorrow, Dec. 13th for a three day showing. Mr. Charles Darnton, noted critic of the New York World said: "Once again D. W. Griffith proved himself the ruling genius of the motion picture world when his amazing production 'Intolerance' revealed the greatest film spectacle. The audience was thrilled to cheers. 'Intolerance' is nothing less than wonderful."  
Our boys at Clifflith are to have real amusement entertainment for Klax and Erlanger and the Keith people in New York are arranging shows for theaters now being built and that will be finished in two weeks.  
The new ruling has been given on "four Minute Men" who now enter theaters without paying the war admission tax, that is to speak four minutes.

Elsie Ferguson has secured the picture rights to Edward Sheldon's "The Song of Songs" Billie Burke, who is with Paramount will be seen in "Eve's Daughter."  
The producers had a test case in Cleveland on the 15th charged exhibitors, and the case was thrown out of court by the judge, who said that unless exhibitors paid the tax, the producers could cancel their contracts. Mgr. Fenberg is paying the tax here and not saying a word. He's doing his bit.

"The Judgment House," a photoplay bearing on the eternal triangle, is J. Stuart Blackton's first contribution to the Paramount program.  
"France in Arms," the French official war pictures produced by the French cinematographic division of

the French army, is said to be another wonderful set of war pictures and will be a historical document that will live for many years to come. They are to be shown here soon.  
Lina Cavalotti will make her first "Paramount" debut in "The Eternal Temptress" this week. She will soon come to Newark.  
George M. Cohan's famous song that was sold a few weeks ago for \$25,000 is to be seen in pictures. "Over There," the title of the song, is one of the sensational hits of the present year in songdom and no doubt the picture that the Select Picture Corp. will place on the market, will be as sensational.  
"The Woman God Forgot," the Gertrude Harrist master play is said to be one of the biggest screen successes of the season. It soon comes to the Auditorium.  
Marguerite Clark is hard at work on her special Christmas feature "The Seven Swans," which is said to be a most wonderful fairy tale.

**GOV. HERRICK HONORED.**  
Myron T. Herrick, ex-Governor of Ohio, has been elected unanimously president of the Ohio Society of New York, succeeding Major C. F. Bruch who is now attached to the signal corps and is stationed at Washington.

## AMERICAN EXPORTS ARE AGAIN SOARING

American exports made a great gain in October, reaching a total value of \$542,000,000. This is an increase of \$86,000,000 over September, according to a statement made public today by the bureau of foreign and domestic commerce of the department of commerce. The exports for the ten months ended with October of this year amounted to \$5,149,000,000, as against \$4,443,000,000 for the corresponding period last year.

October imports are placed at \$221,000,000, a falling off of \$15,000,000 compared with September. For the 10-month period ended with October the imports into the United States were valued at \$2,504,000,000, as compared with \$2,010,000,000 for the first 10 months of 1916. Seventy-six per cent of the October imports entered free of duty.

Gold imports in October amounted to only \$4,000,000, while exports totaled \$11,000,000. For the 10 months ended with October gold imports amounted to \$532,000,000, against \$480,000,000 for a similar period in 1916. Exports of gold, on the other hand, were valued at \$360,000,000, as compared with \$101,000,000 for the first 10 months of 1916.

Silver imports amounted to \$5,000,000 in October and to \$38,000,000 for the 10 months ended with that month, while the exports of silver were valued at \$7,000,000 for the single month and at \$69,000,000 for the 10-month period.

**Denison Man to Speak.**  
Prof. K. L. Latourette of Denison university will speak on "The war and the Far East" at the Chamber of Commerce tonight. All members are invited to attend.

**Missionary Society.**  
The Foreign Missionary Society of the East Main Street M. E. church will meet at the home of Mrs. Ryan, 429 East Main street on Friday afternoon at 2 o'clock. It is the last meeting of the quarters and dues are asked to be paid.

**"Granny" Elben in Again.**  
Edward alias "Granny" Elben, after about twelve hours freedom is again in durance vile. He was released from the city prison Wednesday morning and taken in tow again last night. Mayor Bigbee committed him until the first of the year.

**At Central Church of Christ.**  
Regular C. W. B. M. Auxiliary meeting of the Central Church of Christ, Friday, Dec. 7th at 2:15 p. m. at the church. All the ladies of the church most cordially invited.

**Methodist Church Choir.**  
The choir of the First M. E. church will have its regular rehearsal Friday evening. All members are urged to go present at 7 o'clock.

**At U. B. Church.**  
Newark District U. B. C. E. rally at East Main Street U. B. church, Friday, Dec. 7, 7:15 p. m. Speakers from Columbus. Large delegations from over the county will be present.

**Burglar Scare.**  
The police patrol made a hurry run to the home of Miss Baldwin, 28 Mill street at 10:20 Wednesday evening on a burglar scare. The department was notified by phone that someone had attempted to enter the house, and while the officers arrived on the scene but a few seconds after they had been notified they failed to find anyone on the premises.

**Early Christmas Trees.**  
Shipments of Christmas trees have begun to arrive in the city and are being placed on the market. The trees were shipped earlier than usual this year in anticipation of a heavy congestion in shipping later.

**Shipping Slow.**  
Whether the people this year are doing away with the regular exchange of gifts or whether the conditions of the country have caused a depression of the Christmas spirit, and it will be aroused later is not known, but Christmas shipping is moving very slowly. While the time is short, there is but little activity.

**Recovering from Operation.**  
Walter Frethy, a farmer living east of the city, who recently underwent an operation at the private hospital is getting along nicely. Dr. Carl Evans performed the operation.

**To Attend Funeral.**  
Mrs. Mary Henry leaves this evening for Lynchburg, O., to attend the funeral of her cousin Roscoe Richards, who died suddenly at the Wright Aviation field, at Dayton, where he was employed. Death resulted from heart trouble.

**Hears from Nephew.**  
Mrs. C. G. Miller of Indiana street has received a copy of a Mt. Vernon paper containing an interesting letter, written by her nephew Cecil Hall, who is with an engineering company in France. He tells of how a number of the engineers including himself had been selected among the first Americans to enter the trenches, and later of how they were relieved.

## WAR RESOLUTION IS BROUGHT INTO THE HOUSE TODAY

(Continued from Page 1.)

taken out their first papers; 349,341 who remained aliens and 51,456 whose citizenship was not ascertained but the majority of who probably remain subjects of the foreign power. Of the 255,844 Hungarians resident here, only 36,610 had become citizens in 1910; 25,756 had signified their intention to become citizens by taking out first papers; 174,518 remained aliens and 18,950 were of unidentified allegiance but are presumed to have retained their Hungarian citizenship.

Chairman Flood said he had no intention of seeking consideration for the war resolution in the house today but would ask unanimous consent today for its consideration tomorrow with a view to passage before adjournment tomorrow afternoon.

Many of those favored including Turkey and Bulgaria were disposed today to accept the resolution in its present form.

The only question left undecided today was the length of the debate. Chairman Flood suggested that each side of the house take one hour, but Representative Gillett, acting Republican leader, objected that was too short a time for such an important subject. At the suggestion of Democratic Leader Kitchin, a decision was put over until tomorrow morning.

While the house was going through the preliminaries the senate foreign relations committee was in conference on the war resolution. The house committee's report reviews at length the causes leading up to the declaration of war. Chairman Flood told the house amid great applause that the President would ask Congress to declare war against Turkey and Bulgaria later if he deemed it expedient and that the President and his advisers regarded it unwise at this time. Representative Miller of Minnesota, the only member of the committee who was disposed to insist on including Turkey and Bulgaria told the house he favored war on those two countries but was willing to wait. He voted, however, in favor of the resolution as it was reported today.

Chairman Flood briefly answering Representative Miller, stated that the United States had not yet broken relations with Bulgaria but Bulgarian were not fighting against American soldiers and that this government had no reason to declare war on her. The Turks, he stated, had committed no attack of war against the United States but should not be included in the resolution.

The statement that Bulgarian were not fighting against Americans was challenged by Acting Republican Leader Gillette who said he had information he considered reliable that Bulgarian officers were fighting with the enemy on the western front.

At the conclusion of Mr. Flood's statement the house adjourned until tomorrow.

The report of the committee begins by stating the text of the war resolution as perfected yesterday and then goes on:

"The President has asked for the declaration that a state of war exists against Austria-Hungary. In his address, delivered at the joint session of the two houses of congress on December 4th he uses this language:

"One very embarrassing obstacle that stands in our way is that we are at war with Germany but not with her allies. I therefore, very earnestly recommend that the congress immediately declare the United States in a state of war with Austria-Hungary."

"The accompanying resolution carries out this recommendation of the President. Its enactment of this declaration involves very little adjustment of the affairs between the United States and Austria-Hungary because a state of war which this declaration declares to exist actually has been a fact for many months. The depredations on American lives and rights by Austrian naval forces has been small compared with that of Germany but they have been indulged into to such extent constituting war upon this country and this fact, taken in connection with other acts of Austria-Hungary has more and more brought that government into a position where the American people have realized that she must be included with Germany as an enemy."

"In September, 1915, it was discovered that Ambassador Dumba and Austrian Consul St. Louis were elsewhere were implicated in the investigating strikes in American manufacturing plants engaged in production of munitions of war."

"An American citizen named Archibald, traveling under an American passport had been entrusted with dispatches in regard to this matter from Dumba and Bernstorff to their governments. These acts were admitted by Dumba. By reason of the admitted nature and intent of Dumba to conspire violation of diplomatic propriety in employing an American citizen protected by an American passport as a secret bearer of official dispatches through the lines of an enemy of Austria-Hungary, the Austro-Hungarian government was requested to recall Dumba."

"The Austrian consuls at St. Louis and New York were implicated with Dumba in these transactions, participating in the circulation of this propaganda. They were implicated in procuring forged passports from the United States for the use of their countrymen in going home."

"Long before the above activities were made public our government had evidence that the Austrian diplomatic and consular service was being used in this country for Germany's war like purposes."

"While Austria's submarine warfare has been of very limited character, they have adopted and adhered to the policy of the ruthless submarine warfare of the Imperial German government."

"After diplomatic relations with Germany had been broken the department on February 14, 1917, dispatched the following telegram to the American embassy at Vienna, surveying briefly the position of the

Austrian government on submarine warfare:

"In the American note of December 6, 1915, to the Austro-Hungarian government in the Ancona case, this government called attention to the views of the government of the United States on the operations of submarines in naval warfare which had been expressed in no uncertain terms to the ally of Austro-Hungary and of which full knowledge on the part of the Austro-Hungarian government was presumed. In its reply of December 15, 1915, the Imperial and royal government stated that it was not possessed with authentic knowledge of all of the pertinent correspondence of the United States nor was it of the opinion that such knowledge would be sufficient to cover the Ancona case which was of essentially a different character from those under discussion with the Berlin government."

"Nevertheless in reply to the note of December 15, 1915, the Austro-Hungarian government in its note of December 23rd stated:

"As concerns the principle expressed in the very esteemed note that hostile private ships insofar as they do not flee or offer resistance may not be destroyed without the persons on board having been placed in safety, the Imperial and royal government is able substantially to assent to this view of the Washington cabinet."

"Moreover, in the case of the Persia the Austro-Hungarian government in January, 1916, stated in effect that while it had received no information with regard to the sinking of the Persia yet in case its responsibility were involved the government would be guided by the principles agreed to in the Ancona case."

"Within one month thereafter the Imperial and royal government coincidently with the German declaration of February 18, 1916, of the treatment of armed merchantmen announced that all merchant vessels armed with cannon for whatever purpose by this very fact lost the character of peaceable vessels, and that under these conditions orders have been given to Austro-Hungarian naval forces to treat such ships as belligerent vessels."

"In accordance with this declaration several vessels with Americans on board have been sunk in the Mediterranean, presumably by Austrian submarines, some of which were torpedoed without warning by submarines flying the Austrian flag as in the cases of the British steamers Seconde and Welsh Prince. Inquiries made through the American ambassador at Vienna as to these cases have so far elicited no information and no reply."

"Again on January 31, 1917, coincident with the German declaration of submarine danger zones in waters washing the costs of the entente countries, the Imperial and royal government announced to the United States government that Austria-Hungary and its allies would from February 1st prevent by every means any navigation whatsoever within a definite closed area."

"From the foregoing it seems fair to conclude that the pledge given in the Ancona case and confirmed in the Persia case is essentially the same as that given in the note of the Imperial German government dated May 4, 1916, viz: In accordance with the general principles of visit and search and destruction of merchant vessels recognized by international law, such vessels both within and without the area declared as naval war zone, shall not be sunk without warning and without saving human lives, unless these ships attempt to escape or offer resistance and that this pledge has been modified to a greater or less extent by the declarations by the Imperial and royal government of February 18, 1916, and January 31, 1917."

"In view, therefore of the uncertainty as to the interpretation to be placed upon these declarations and particularly this latter declaration it is important that the United States government be advised definitely and clearly of the attitude of the Imperial and royal government in regard to the prosecution of submarine warfare in the circumstances."

"The Austro-Hungarian government evades a direct answer to the American inquiry but it argues that it substantially adheres to the declaration of January 31, 1917, for it states that 'the entire declaration is essentially nothing else than a warning to the effect that no merchant ship may navigate to the sea zones accurately defined in the declaration.'"

"In view of this acceptance and avowal by the Austrian government of the policy which had led to a breach of relations between the United States and Germany, the government of the United States found it impossible to receive Dumba's successor, Count Tarnowski."

"Until the present Austro-German drive in northern Italy, the Austrian forces were gradually being driven back by the forces of the Italian army. With the assistance of German troops drawn from the Russian front, a very serious campaign was inflicted upon the Italian army which if it had not been stemmed might have resulted in the collapse of Italy. Such a result would have been a great blow to those with whom we are associated in this war, and as much as the United States as to any of her co-belligerents."

"As a result of this situation, the allies have rushed aid to Italy, and the United States is sending ships, money and supplies and will probably soon send troops, who will be facing and making war on Austrian soldiers."

"The Italian situation is one of the utmost importance in the present conduct of the war. A declaration of war by the United States against Austria-Hungary will hearten the people of Italy, who have been misled by the mischievous and distorting propaganda engineered by Germany. It will strengthen from a military point of view the whole allied cause. These are strong considerations for a declaration of war against Austria-Hungary."

"These considerations, and the fact that Austria-Hungary is adhering to the illegal and inhumane policy of ruthless submarine warfare and is, as the committee believes, making war upon American vessels and American citizens on the high

## REPORT MADE ON COAL SITUATION IN NEWARK CITY

Persons interested in knowing something regarding the coal situation in Newark as it is today and the outlook for the future will be interested in a report to be made at the Membership Council of the Chamber of Commerce this evening at 7:30 by Mr. J. S. Herzog, Chairman of the Licking County Fuel Administration Board. The County Board of which Mr. Herzog is Chairman, has been exceedingly active during the past several weeks in handling the local coal situation and in securing an adequate supply for Newark's needs. Mr. Herzog will report to the Council just what has been accomplished and the plans are underway for the future.

The regular speaker will be Prof. K. L. Latourette who will talk on "The War and the Far East." This is the second of a series of lectures being given under the auspices of the Membership Council by professors from Denison University. Meetings of the Membership Council are open to all members of the Chamber of Commerce as well as to all citizens of Newark who may be interested and a special invitation is extended for this evening's meeting which will be held in the Chamber of Commerce rooms in the Hunter-Baker building on the North side of the public square.

## SCHOOL OPENED TO TEACH SHIPBUILDING

The Chamber of Commerce has received from the American International Shipbuilding Corporation an announcement of the opening of a training school for the purpose of teaching shipbuilding. There are at the present time, according to their announcement, about 50,000 shipbuilders in the country whereas 150,000 are needed at once. The shipbuilding yards and will be after the war is over for an indefinitely long period. Unskilled men while being trained as riveters, reamers, shipbuilders, etc., are paid 36 cents per hour while learning. They have a certain prospect of advancement as soon as they have mastered these trades. Rivet-heaters and passers are paid 24 cents per hour while learning and they also have an opportunity of advancing to the skilled class. Any person interested should call at the Chamber of Commerce Offices in the Hunter-Baker building where additional information can be secured.

## CONVICTS WILL MAKE AUTO TAGS FOR '19

Auto license tags for 1919 will be prison-made. The board of administration, after meeting with Governor Cox, announced definitely that it will install machinery at the penitentiary and that the manufacture of tags will begin June 1.

The raised letter tag, adopted by Secretary of State Fulsom for 1918, will be made. Warden Thomas says he can make the tags for 10 cents each, when now they cost between 17 and 18 cents. The capacity of the machinery will be 4,000 a day.

When sufficient auto tags are made, the machinery will be used to manufacture road signs for the state highway department.

## A NEWARK OFFICER AT CAMP SHERMAN

CAPT. CHAS. W. MONTGOMERY.

Capt. Montgomery, Newark lawyer, who was commissioned at Fort Benning, is with the 329th regiment at Camp Sherman. He is popular with the men and is an efficient officer.

### 25 Years Ago

(From Advocate, Dec. 6, 1892.)  
The erection of a building for the Newark Ice and Cold Storage company is now being contracted for. The directors are: President, Judge Charles Follett; vice president, H. S. Fleck; secretary, F. A. Crane; treasurer, F. S. Wright; T. B. Carroll, George Cherry and F. G. Warden. Marriage licenses were granted today to the following couples: Alexander A. Harris and Anna Sheppard; William S. Hanna and Amanda C. Green; Samuel S. Anderson and Myrtle Carlock.

Seven young St. Bernard pups in the show window at Woodbridge's tea store are attracting attention. Miss Julia Tyler, after a few days' visit with her sister, Mrs. Frank Cherry of Lancaster, returned home.

Mr. William Ewing, proprietor of the Hotel Fulton is suffering with a broken leg.

Mrs. George Bush is very ill at her home on North street.

### 15 YEARS AGO.

(From Advocate, Dec. 6, 1902.)  
The Company which had put Friday night with Mr. A. E. Woodbridge at her home on First street. The Memorial Auditorium trustees met Friday evening and decided John B. Rosecrance, manager of the theatre for the season.

Mrs. Frank Simpson of New York was visiting friends in the city. She was accompanied by Miss Thomas, who had been her guest for some time.

P. R. Jones and F. D. Carpenter took charge of the Fourth Street parade this morning and will operate it tonight.

Mr. J. E. T. Lock has a quarrel with him in the grocery business in the Avalon Hotel. Mr. Jones is a man of better standing.

Mr. and Mrs. John Samson of West Virginia are visiting Mrs. Samson's parents, Mr. and Mrs. Charles Labadie of Grandview street.

## GERMANS AGREE TO AN EXTENSION OF THE ARMISTICE

(ASSOCIATED PRESS TELEGRAM)

Petrograd, Dec. 5, via London, Dec. 6.—Representatives of Germany, Austria-Hungary, Turkey and Bulgaria met the Russian emissaries at Brest-Litovsk to discuss terms of an armistice. The delegates of the central powers informed the Russians that they had power to negotiate only the conditions of an armistice which a Russian official communication calls an "evasive declaration."

The request of the Russian delegates that all the belligerents be asked to take part in reaching an armistice on all fronts was met by the enemy that it did not possess such powers. The Russians then presented a project for an armistice on all fronts, the principal points of which were the promise that the Austro-Germans would not send forces from the eastern front to other fronts and that the Germans should retire from the islands around Moon Sound. The Russians were handed a proposal for an armistice on the eastern front, which is now being examined by the Russians.

"The enemy delegation declared that our conditions for an armistice were unacceptable and expressed the opinion that such demands could be addressed only to a conquered country. On the categorical statement by our plenipotentiaries that they were treating for an armistice on all fronts with a view to the conclusion of a general democratic peace on the basis established by the all-Russian congress of councils, the enemy delegates again replied evasively that they could not consider the question in such a manner because they were authorized at present officially to negotiate with the Russian delegation in view of the absence of Russian allies from the conference."

"Our delegates again replied that their task consisted in drawing all belligerent countries into negotiations for the purpose of securing a general peace. Having regard for the evasive replies to the enemy, our delegates, as already stated, submitted the enemy conditions for an armistice to our military experts for their criticism from a purely military point of view and in order that they may indicate in what respect the modifications are necessary in the interest of our army and navy from the Black Sea to the Baltic."

"The first point regarding the proposed enemy armistice was the duration of the armistice, which was first indicated as a fortnight to begin December 8. After discussion, the German delegates expressed their readiness to agree to a prolongation to twenty-eight days. This term was automatically prolonged provided there is no refusal which must be made within seven days before the expiration of the armistice which is to begin December 10 if our delegation leaves Brest-Litovsk tomorrow. But if it leaves later, the armistice will begin later."

"Before the commencement of the official armistice it must be definitely established that hostilities shall cease."

"From the beginning our delegates insisted on a true record of all negotiations and their determination to publish them in their entirety. The minutes and language of the sessions are in Russian on our side and in German for the German side. A special commission was created to compare the minutes after every session. We have requested that the next meeting of the plenipotentiaries be held on Russian territory and that there be an interval of seven days in the negotiations in order that our delegation may return to Petrograd."

## GRANVILLE

(Special to The Advocate.)

Granville, Dec. 6.—The Women's Music club enjoyed an extra meeting at Monday Place, Wednesday afternoon, singing Christmas carols under Mrs. White's direction, and putting themselves into the real Christmas spirit. Mrs. White also gave a brief talk on the Music Course, which in her opinion is the best ever offered here, and in fact one which would be worthy any community however high its musical standard. Nothing better can be heard anywhere than the New York Philharmonic, that richly endowed, strictly American organization of over one hundred highly trained musicians, who do nothing else for their living. She announced that it is her intention to see that every school child old enough to understand, is given instruction in the use of every instrument in the orchestra as well as the movements of the conductor's baton. Next week's regular program of the Music club will begin promptly at 7 o'clock.

Miss Alma Brumback has not resigned her position as teacher in the public school, and has no intention of so doing, statements to the contrary notwithstanding. What seemed conclusive proof of the harmless rumor was furnished the other day, when a mutual friend stopped hurriedly at the home of the Granville correspondent to the Advocate to use the telephone. A young lady desirous of locating in Granville was advised to apply without delay to the Board of Education for the vacancy. Miss Brumback's friends are delighted that she has no intention of leaving Granville.

Rev. and Mrs. T. G. Field enjoyed a day's visit from their nephew, Capt. Albert Field of Columbus, who is to be sent from the Officers' Training Camp to Fort Dodge, Des Moines, Iowa.

Dr. J. W. Rabner, who has been attending the Dental convention in Cleveland this week, is expected home this evening.

The Women's Missionary Organization of the Baptist church will hold an important meeting Friday afternoon with Mr. J. E. Conant as leader of the program.

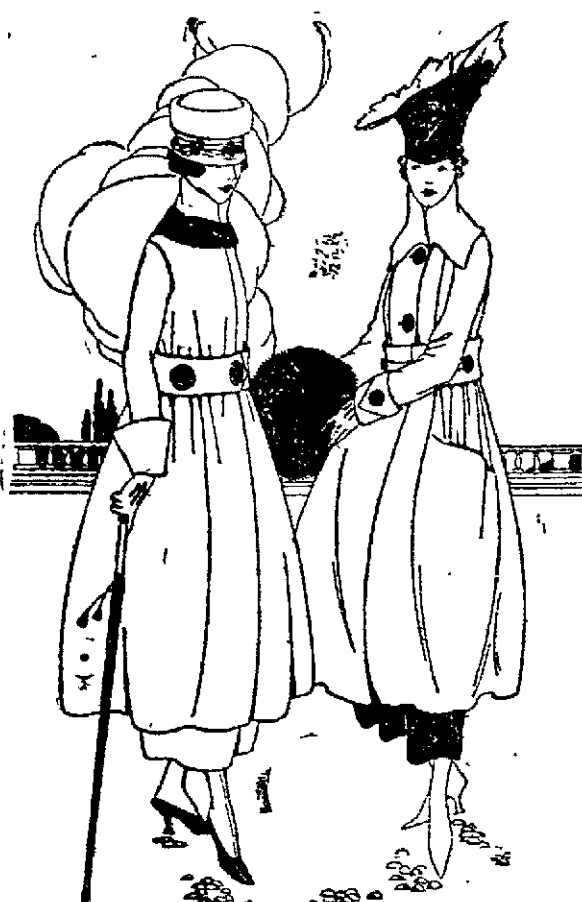

Canvassers for the Granville Music Course of five concerts are making a whirlwind campaign this week in

WE ACCEPT LIBERTY BONDS AS CASH—ONLY 15 MORE SHOPPING DAYS BEFORE CHRISTMAS

## Everybody's Big Christmas Store Clearing Decks For Mighty On-Rush of Christmas Shoppers
